

FINAL PUBLIC NOTICE

The Federal Emergency Management Agency (FEMA) has received a subgrant application for Antioch, City of, Contra Costa County, CA. Pursuant to Executive Order (EO) 11988 and 44 CFR Part 9.12, final notice is hereby given of FEMA's intent to provide funding for this project under the Public Assistance Grant Program (PA).

An initial disaster-wide Public Notice for insert DR-4683-CA was published September 11th 2023. Funding for the proposed project will be conditional upon compliance with all applicable federal, tribal, state and local laws, regulations, floodplain standards, permit requirements and conditions.

Under the National Environmental Policy Act (NEPA), federal actions must be reviewed and evaluated for feasible alternatives and for social, economic, historic, environmental, legal, and safety considerations. EO 11988 and EO 11990 requires FEMA to consider alternatives and provide a public notice of any proposed actions in or affecting floodplains or wetlands. EO 12898 requires FEMA to provide the opportunity for public participation in the planning process and to consider potential impacts to minority and low-income populations. This notice may also fulfill requirements under Section 106 of the National Historic Preservation Act (NHPA).

This notice serves as a project-specific final notice for FEMA's funding action located within a Special Flood Hazard Area. FEMA has determined the only practicable alternative is to fund the repair and mitigation of the Lindsey Detention Basin and service road. This action complies with the National Flood Insurance Program (NFIP) requirements. There is a potential for the facility to be impacted by future flooding events due to its location within the A Flood Zone. The proposed work will not take place in wetlands per the United States Fish and Wildlife Service National Wetlands Inventory and will have little potential to impact or affect wetland values.

Applicant: Antioch, City of

Project Title: PW01957; GM 720355; DR4683CA- Antioch City- Lindsey Detention Basin

Location of Proposed Work and Floodplain Insurance Rate Map (FIRM) Panels:

| Facility | GPS | FIRM Panels | FIRM Date |
|-------------------------|--|--------------------|------------------|
| Lindsey Detention Basin | (37.973243 - 121.739419) (37.971144 - 121.738407) (37.973243 - 121.739419) (37.972831 - 121.739166) | 06013C0355G | 3/21/2017 |

Proposed Work and Purpose: The applicant will utilize contract and force account for repairs to Lindsey Detention Basin to restore the facility back to pre-disaster design, function, use, and capacity. The work will consist of removing gravel and storm deposited debris in the Lindsey Detention Basin, and restoring lost materials to the adjacent service road. Mitigation will consist

of excavating the channel, adding stabilizing fabric, rip rap and elevating the road by 1 foot. Work will be completed within the right of way, within the previously damaged footprint. Any equipment used will be staged in the right of way. All borrow or fill material must come from pre-existing stockpiles, material reclaimed from maintained roadside ditches (provided the designed width or depth of the ditch is not increased), or commercially procured material from a source existing prior to the event. Disposal is expected to be at a licensed landfill.

Project Alternatives:

- (1) *(No Action)* This alternative would result in risk of additional damages and loss of function of the irrigation system. If the damage is not repaired, then adverse economic and social impacts may occur and continued negative impacts may be experienced.
- (2) *(Repair in-kind)* Repairs made in kind may result in similar damages from future flood events.
- (3) *(Relocation)* Floodplain avoidance by relocating the facility is not a practicable alternative as the drainage basin is functionally dependent on its location in the floodplain.

Comments: This will serve as the final public notice regarding the above-described action funded by the FEMA Public Assistance program. Interested persons may submit comments, questions, or request a map of this specific project by writing to the Federal Emergency Management Agency, Region 9, 1111 Broadway #1200, Oakland, CA 94607, or by emailing FEMA-RIX-EHP-Documents@fema.dhs.gov . Comments should be sent in writing with the subject line *"PW01957; GM 720355; DR4683CA- Antioch City- Lindsey Detention Basin"* at the above address within 15 days of the date of this notice.

THIS NOTICE MAY BE REMOVED FROM PUBLIC VIEW ON THE 15th DAY FROM ORIGINAL DATE OF POSTING.

NOTICE WAS POSTED ON 22nd DAY OF July **2025**
