**FISCAL YEAR 2010-2011
ACTION PLAN**

FY 2010-2011 ACTION PLAN ~ CITY OF ANTIOCH

I. EXECUTIVE SUMMARY

INTRODUCTION

Through the federal Consolidated Plan process each entitlement jurisdiction or Consortium is required to complete a Consolidated Plan every five years that describes its non-housing community development needs, its housing needs and market conditions, sets out a five-year strategy identifying priorities and available resources and establishes a One-Year Action Plan that outlines intended uses of the resources. The Consolidated Plan incorporates the requirements of the federal Department of Housing and Urban Development (HUD) Community Development Block Grant (CDBG) Program.

Each year during the five-year Consolidated Plan period, the jurisdictions are required to submit a One-Year Action Plan to HUD. The Consolidated Plan provides the needs assessment and summarizes the priority needs used by the jurisdiction in developing its annual Action Plan. Federal approval of both the Consolidated Plan and the annual Action Plan are required to enable the jurisdiction to participate in federal housing and community development funded programs.

The entitlement jurisdictions of Antioch, Concord, Pittsburgh, Richmond, Walnut Creek and the Urban County (all other cities and the unincorporated areas) formed the Contra Costa Consortium (Consortium) to prepare the Contra Costa Five-Year Consortium Consolidated Plan. A draft Consolidated Plan has been prepared for FY 2010 – 2015 planning period and has been presented to the Antioch City Council and the other entitlement jurisdictions for approval. The FY 2010-2011 Action Plan has been prepared in compliance with the FY 2010-2015 Consolidated Plan.

The City of Antioch's DUNS # is 081842502.

CONSOLIDATED PLAN PROCESS

The preparation of a Consolidated Plan provides an opportunity for local entitlement jurisdictions to undertake a joint planning process to assess the needs of the larger community across jurisdictional lines, and to formulate priorities and strategies that meet the needs of low- and moderate-income residents in a comprehensive and coordinated manner. Consistent with the jurisdictions' respective Citizen Participation Plans, the Consortium made significant efforts to reach all sectors of the community in order to gauge housing and non-housing community development needs affecting the broadest range of County residents. The Consortium members use the Consolidated Plan as a tool to identify needs and to allocate funds for projects that carry out housing and non-housing community development activities addressing those identified priority needs within their jurisdiction.

Needs and Objectives

As part of the Consolidated Plan, HUD requires that each jurisdiction in the Consortium complete Priority Needs Tables that address housing and community development needs of its low- and moderate-income residents. Because of the difficulty in determining residency for the homeless, a Consortium-wide Priority Needs Table for Homeless and Special Needs populations has also been completed.

According to HUD, these Priority Needs Tables are used to rank and quantify each jurisdiction's particular priority needs. The City of Antioch's Priority Needs Tables and the Consortium-wide Priority Needs Table for Homeless and Special Needs Populations are provided in **Appendix B**. The Priority Needs Tables from all the jurisdictions were used to develop the Consortium's Five-Year Strategy, summarizing the Consortium's high priority needs for the Plan period.

The Consortium Consolidated Plan Five-Year Strategy (Strategy) includes eight objectives or high priority needs relating to affordable housing programs and projects, two objectives relating to the homeless, and eight objectives or high priority needs relating to non-housing community development activities and projects (**Appendix A**). All activities within the Consortium area that will receive federal funding during the Plan period should address one or more of these eighteen priority needs. Listed below are the eight high priority housing (AH), the two high priority homeless (H), and eight high non-housing community development (CD) needs identified in the Strategy:

Housing Related Priority Needs (AH-1 through AH-8 and H-1 through H-2):

Affordable Housing

- AH-1. Expand housing opportunities for extremely low-income, low-income, and moderate-income households through an increase in the supply of decent, safe and affordable rental housing and of rental assistance.
- AH-2. Increase homeownership opportunities.
- AH-3. Maintain and preserve the affordable housing stock.
- AH-4. Reduce the number and impact of home foreclosures.

Special Needs

- AH-5. Increase the supply of appropriate and supportive housing for special needs populations.
- AH-6. Preserve existing special needs housing.
- AH-7. Adapt or modify existing housing to meet the needs of special needs populations.
- AH-8. Improve access to services for those in special needs housing.

Homeless Strategy

- H-1. Assist the homeless and those at risk of becoming homeless by providing emergency, transitional, and permanent affordable housing with appropriate supportive services.
- H-2. Reduce the incidence of homelessness and assist in alleviating the needs of the homeless.

Non-Housing Community Development Related Priority Needs (CD-1 through CD-9):

Public Services

- CD-1. General Public Services - Ensure that opportunities and services are provided to improve the quality of life and independence for lower-income persons, and ensure access to programs that

promote prevention and early intervention related to a variety of social concerns such as, substance abuse, hunger and other issues.

- CD-2. Seniors - Enhance the quality of life of senior citizens and frail elderly, and enable them to maintain independence.
- CD-3. Youth - Increase opportunities for children/youth to be healthy, succeed in school and prepare for productive adulthood.
- CD-4. Non-Homeless Special Needs - Ensure that opportunities and services are provided to improve the quality of life and independence for persons with special needs, such as disabled persons, battered spouses, abused children, and persons with HIV/AIDS, illiterate adults, and migrant farm workers.
- CD-5. Fair Housing - Continue to promote fair housing activities and affirmatively further fair housing.

Economic Development

- CD-6. Economic Development - Reduce the number of persons below the poverty level, expand economic opportunities for very low- and low-income residents, and increase the viability of neighborhood commercial areas.

Infrastructure/Public Facilities

- CD-7. Infrastructure and Accessibility - Maintain quality public facilities and adequate infrastructure, and ensure access for the mobility-impaired by addressing physical access barriers to public facilities.

Administration

- CD-8. Administration/Planning - Support development of viable urban communities through extending and strengthening partnerships among all levels of government and the private sector and administer federal grant programs in a fiscally prudent manner.

Each jurisdiction is also required to complete a Summary of Specific Homeless and Special Needs Populations Objectives and a Summary of Specific Housing and Community Development Objectives. These tables describe the actions that the jurisdiction anticipates taking over the life of the Plan to specifically address those community needs that it categorizes as priorities. The City of Antioch's Specific Objectives are also included in **Appendix A**.

Performance Measurement Framework

As a result of the Government Performance and Results Act of 1993 (GPRA) that mandated federal programs improve their effectiveness and public accountability by focusing on results, HUD's Office of Community Planning and Development (CPD) developed an outcome performance measurement system. The system enables HUD to collect information on the outcomes of activities funded with CPD formula grant assistance (such as the CDBG program), and to aggregate that information at the national and local level. Included in the performance measurement framework are objectives, outcome measures and indicators that describe outputs. The City of Antioch will fund 24 activities whose objectives are to create a suitable living environment; 4 that will provide decent affordable housing; and 3 that create economic opportunity as the objective. Under the outcome category, 27 of activities funded seek to achieve Accessibility/Availability; 3 for Affordability; and 1 for Sustainability.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) PROCESS

Each Consortium member is an entitlement jurisdiction under the Community Development Block Grant (CDBG) program. As such, each jurisdiction manages independent CDBG programs and allocates funds annually through a competitive application process to carry out eligible activities that include affordable housing, economic development, public services programs, infrastructure/public facilities improvements and program planning and administration. While these activities must be consistent with the Consortium's Consolidated Plan, they must also address the high priority needs and specific objectives of the particular jurisdiction. Each jurisdiction is required to develop a One-Year Action Plan that outlines the linkages between the proposed uses of federal funding and the specific objectives that address its high priority needs prior to receiving its annual allocation of CDBG funds from HUD.

For the FY 2010-11 funding cycle, the Contra Costa Consortium continued to use the online application process through the consortium-wide collaborative database system. This was the first application process entirely submitted via the database for the beginning of a two-year funding cycle. On October 18, 2009, the Consortium held a funding kickoff meeting in Concord inviting nonprofit agencies, jurisdictions, and other community stakeholders interested in applying for CDBG, HOME, and ESG funding for FY 2010/11 and FY 2011/12. The meeting discussed the basics of CDBG, HOME, and ESG as well as going over the application submittal requirements and the process. The online process has the added benefit of reducing time spent on administration for both applicants and Consortium members. Since then, the Consortium has continued to streamline the database and online reporting, and has received many positive comments and feedback from applicants and subrecipients.

Two-Year Funding Cycle

The entire Contra Costa County Consortium (cities of Antioch, Concord, Pittsburg, Richmond, Walnut Creek and the urban county) have approved a two-year funding cycle for FY 2010-11 and FY 2011-12. All public service (including fair housing) and economic development programs who were awarded grants for FY 2010-11 received a one-year contract and are eligible for an automatic renewal in FY 2011-12 contingent on the availability of CDBG funds, the satisfactory accomplishment of contract goals and approval by City Council.

FY 2010-2011 ACTION PLAN ~ CITY OF ANTIOCH

In adopting its FY 2010-2011 Action Plan, the City of Antioch continues to give maximum consideration to the housing and public service needs of its lower income residents as shown in the tables in **Appendix B**. This planning year, the City has allocated a total of \$783,000, which is disbursed as follows: \$117,500 in CDBG funds to public service providers, \$125,000 for economic development activities, \$344,000 for infrastructure/public facility activities, \$156,500 for program planning and administration and \$40,000 for affordable housing programs. Due to the current economic conditions it is anticipated there will be very little, if any, CDBG program income available. The City estimated approximately \$109 in program income.

The public services programs supported with CDBG funds emphasize services to seniors, persons with disabilities, abused and neglected children, battered women, homeless persons and other persons in crisis. Because of the substantial need for these services, the City intends to supplement the public service

portion of the CDBG grant with \$151,248 in Antioch Development Agency/Redevelopment Agency's (ADA) Low-Moderate Income Housing Set Aside funds to cover housing counseling services and homeless services. These funds are being expended to address public service needs, identified during the public hearing process, which cannot be funded under the CDBG program 15% funding cap for public service activities. In addition, to the supplemental public service funding, the City is also providing \$985,000 (\$250,000 in carryover) in Antioch Development Agency funds for housing programs.

The development of this year's Action Plan was based on HUD's overall objective for the Community Development Block Grant program that funds be used to develop a viable urban community by: 1) providing decent housing; 2) providing a suitable living environment; and 3) expanding economic opportunities, principally for low- and moderate-income persons. In addition, activities were funded which met one or more of the housing and community development high priority needs identified as part of the Contra Costa Consortium Consolidated Plan Five-Year Strategy for FY 2010-2015 and also considered high priority needs by the City.

The following tables outline how the City's FY 2010-2011 CDBG and ADA funds are to be used to address the identified priorities:

- * Program income has been estimated at \$109.00 because of the nominal amount that has been received and an over-commitment of funds during FY 2009-10.
- ** All of the CDBG funds are anticipated to be spent FY 2009-10 without any being carried over to the subject fiscal year.
- *** Includes ADA carryover/reprogrammed funds. Of the \$500,000 allocated to the Neighborhood Preservation Program, \$150,000 will be from carryover ADA funds and \$350,000 in new ADA funding. Of the \$185,000 allocated to the Rental Rehabilitation Program, \$100,000 will be carryover ADA funds and \$85,000 in new ADA funding.

The development of this year's Action Plan was based on past performance. The CDBG subcommittee considered, along with other criteria, whether the activity was funded in the past, the need in the community, and whether the subrecipient had met contractual goals. In previous years, the City of Antioch has had difficulty with subrecipients not meeting their goals set out at the beginning of the program year, as well as not being able to spend all of the allocation. New performance measures that were previously introduced enabled the City to more closely monitor the subrecipients' progress towards meeting their goals. The Contra Costa Consortium also shared their individual recommendations and analysis of past performance and application completeness.

FY 2010-2011 ACTION PLAN ~ CITY OF ANTIOCH

II. INTRODUCTION

Every five years, the federal government requires each entitlement jurisdiction or Consortium to prepare or update its federal Consolidated Plan (Plan). The Plan is required to: 1) describe its housing needs and market conditions and its non-housing community development needs; 2) set out a Five-Year Strategy that establishes priorities and identifies anticipated resources to address the priority needs; and 3) establish a One-Year Action Plan that outlines the intended uses of the resources. The Consolidated Plan incorporates requirements of four federal Department of Housing and Urban Development (HUD) programs including the Community Development Block Grant (CDBG) Program.

Each year during the five-year Plan period, the jurisdictions are required to submit a one-year Action Plan to HUD. Federal approval of both the Consolidated Plan and a jurisdiction's annual Action Plan is required to enable the jurisdiction to participate in federal housing and community development funded programs. The Consolidated Plan provides the needs assessment and summarizes the priority needs used by each jurisdiction in developing its annual Action Plan.

The entitlement jurisdictions of Antioch, Concord, Pittsburg, Walnut Creek, Richmond, and the Urban County (all other cities and the unincorporated areas) formed the Contra Costa Consortium (Consortium) to prepare the Contra Costa Consortium Consolidated Plans. In 2004 and 2005, the City and other Consortium members updated the Consolidated Plan for the 2005-2009 planning period. The County Board of Supervisors approved the Contra Costa Consortium Consolidated Plan for FY 2005-2009 on May 3, 2005. This year, the Consortium has prepared a Consolidated Plan for 2010 -2015 planning period. In addition, each jurisdiction has prepared the first of their One-Year Action Plans (FY 2010-2011). The analysis of housing and non-housing community development needs provided in the 2010-2015 Consolidated Plan is used in preparation of these Action Plans.

The FY 2010-2011 Action Plan has been prepared by the City of Antioch in accordance with 24 CFR Part 91 et al. Consolidated Submission for Community Planning and Development Programs Final Rule as published in the Federal Register. The plan must be submitted to the U.S. Department of Housing and Urban Development (HUD) by May 15, 2010 and receive subsequent approval in order for the City to receive CDBG funds for this fiscal year.

The City anticipates receiving \$782,891 in CDBG grant funds for FY 2010-2011 from HUD. Each year, the City Council traditionally earmarks about 30% of these funds for housing activities, 15% for public service activities, 20% for program administration/planning activities and approximately 35% for other eligible activities including public facilities acquisition/rehabilitation and economic development activities. Due to the current economic conditions program income has drastically dropped and the City does not anticipate receiving any CDBG Program Income due to the current economic conditions. Since the expected amount of CDBG Program Income is significantly less than previous years, the City has earmarked ADA funds to cover the majority of planned housing activities.

Richmond Joins the Consortium

The City of Richmond joined the Contra Costa Consortium's Two-Year Funding Cycle in FY 2007-08 and has adopted the Consortium's application process and administration. Richmond participated as a member of the Consortium in the development of its next Five-Year Consolidated Plan for FY 2010-

2015. The City of Richmond is a welcomed addition to the group.

III. PERIOD COVERED BY PLAN

The City has determined that its use of CDBG entitlement funds for the purpose of determining compliance with the 70% Rule shall be a one program year beginning July 1, 2010 and ending June 30, 2011. Program Year 2010-2011 is synonymous with the City's Fiscal Year 2010-2011.

Two-Year Funding Cycle

The entire Contra Costa County Consortium (cities of Antioch, Concord, Pittsburg, Richmond, Walnut Creek and the urban county) have approved a two-year funding cycle for the FY 2010-11 and FY 2011-12. All public service (including fair housing) and economic development programs who were awarded grants for FY 2010-11 received a one-year contract and are eligible for an automatic renewal in FY 2011-12 contingent on the availability of CDBG funds, the satisfactory accomplishment of contract goals and approval by City Council. For projects in the infrastructure/public facilities category, applicants were able to apply for FY 2010-11 and/or FY 2011-12 funding. The City of Antioch will accept infrastructure/public facilities applications each year of the two year funding cycle.

IV. RESOURCES AVAILABLE

A. To Meet Affordable Housing Needs

For FY 2010-2011, the City will allocate \$185,000 in ADA funds toward its Rental Rehabilitation Program using \$100,000 in carryover ADA funds and \$85,000 in new ADA funding; \$500,000 to its Neighborhood Preservation Program (NPP) using \$150,000 in carryover ADA funds and \$350,000 in new ADA funding; and \$40,000 of CDBG funds to cover Code Enforcement staff salaries and direct costs.

The Rental Rehabilitation Program provides low-interest, deferred payment loans from the City of Antioch ADA funds to owners of rental housing units. Owners provide matching funds from conventional loans or cash. Technical assistance is given to owners to determine the need for rehabilitation in addition to methods, and feasibility for each potential rehabilitation project. Private enterprise contractors and local workers perform the necessary rehabilitation work and local suppliers provide materials. Five to seven units in Antioch will be assisted through this program.

The Neighborhood Preservation Program (NPP), funded through ADA funds, provides low-interest, deferred payment loans to City of Antioch homeowners for home improvements. With the \$500,000 allocated, it is expected to serve 15 households in Antioch to improve their homes.

City Council has allocated \$40,000 in CDBG funds to cover Code Enforcement staff salaries and direct costs associated with inspections of properties in the low/moderate redevelopment areas that bound both the NPP and Rental Rehabilitation programs.

The City of Antioch administers a first-time homebuyer program in cooperation with the Bay Area Homebuyer Agency (BAHBA). Although funded through the Antioch Development Agency's (ADA) Low & Moderate Income Housing Fund, the City has decided to administer the program separately from

the CDBG process and therefore this Action Plan. For informational purposes, Staff expects that \$300,000 will be allocated to the program this year from ADA funds. Progress and full accounting will be reported in the end of year report (CAPER).

B. To Meet Non-Housing Community Development Needs

In FY 2010-2011, the City anticipates using \$743,000 of its CDBG entitlement grant to fund non-housing community development activities. This includes \$117,500 for public service activities, \$469,000 for economic development activities and public facility activities and \$156,500 for program administration and planning activities. In addition, the City will commit \$151,248 in Antioch Development Agency/Redevelopment Agency's (ADA) Low-Moderate Income Housing Set Aside funds to support additional public service activities benefiting Antioch's lower income residents.

The City of Antioch does not directly receive and allocate Section 8 funds, Low Income Housing Tax Credits (LIHTC) or competitive McKinney-Vento Homeless Assistance Act funds.

V. DECISION MAKING PROCESS

The City Council appointed a Council subcommittee to review all applications for CDBG and ADA funds and make recommendations to the full Council. The City is in the first year of a two-year funding cycle. All programs awarded grants in FY 2010-11 are eligible for an automatic renewal in FY 2011-12 contingent on the availability of CDBG funds, the satisfactory accomplishment of contract goals and approval by the City Council. The Council Subcommittee reviewed all applications submitted and evaluated each of them for consistency with the aforementioned criteria, as well as both national objectives and local priorities and objectives. The Subcommittee's recommendations were presented to the full City Council at a public hearing on April 27, 2010.

The Council proposes to use its FY 2010-2011 CDBG and ADA funds for the housing and non-housing community development activities described on pages 17 through 26. All activities proposed for funding in FY 2010-2011 will benefit primarily low- and moderate-income persons, thus addressing the primary goal of the CDBG program. All activities proposed for CDBG and ADA funding also meet one or more national and local objectives.

VI. PRIORITIES TO BE ADDRESSED/OBJECTIVES TO BE ACHIEVED

A. National Objectives

The National CDBG Objectives are to develop viable urban communities by 1) providing decent housing; 2) providing a suitable living environment; and 3) expanding economic opportunities, principally for low- and moderate-income persons.

B. Consortium Priority Needs FY 2010-2015

To address these national objectives, the Consolidated Plan identifies eighteen high priority needs for low- and moderate-income or disadvantages persons within the whole Consortium area. These include both housing and non-housing community development related priority needs and are summarized in

Appendix A.

C. City of Antioch Housing and Community Development Priority Needs

Of the eighteen priority needs identified in the Consortium's Plan, the City of Antioch has determined that all are high priority needs for the City's low- and moderate-income and disadvantaged residents. Activities that address the following priority needs and are consistent with the Specific Objectives identified in Community Development Needs Tables of the Consortium's Five-Year Consolidated Plan (see **Appendix B**) are eligible for City funding during the five year Plan period:

Housing Related Priority Needs (AH-1 through AH-8 and H-1 through H-2):

Affordable Housing

- AH-1. Expand housing opportunities for extremely low-income, low-income, and moderate-income households through an increase in the supply of decent, safe and affordable rental housing and of rental assistance.
- AH-2. Increase homeownership opportunities.
- AH-3. Maintain and preserve the affordable housing stock.
- AH-4. Reduce the number and impact of home foreclosures.

Special Needs

- AH-5. Increase the supply of appropriate and supportive housing for special needs populations.
- AH-6. Preserve existing special needs housing.
- AH-7. Adapt or modify existing housing to meet the needs of special needs populations.
- AH-8. Improve access to services for those in special needs housing.

Homeless Strategy

- H-1. Assist the homeless and those at risk of becoming homeless by providing emergency, transitional, and permanent affordable housing with appropriate supportive services.
- H-2. Reduce the incidence of homelessness and assist in alleviating the needs of the homeless.

Non-Housing Community Development Related Priority Needs (CD-1 through CD-9):

D. Performance Measurements

As a result of the Government Performance and Results Act of 1993 (GPRA) that mandated federal programs improve their effectiveness and public accountability by focusing on results, HUD's Office of Community Planning and Development (CPD) developed an outcome performance measurement system. The system enables HUD to collect information on the outcomes of activities funded with CPD formula grant assistance (such as the CDBG program), and to aggregate that information at the national and local level. Included in the performance measurement framework are objectives, outcome measures and indicators that describe outputs. The performance measurement objectives are:

- Creating Suitable Living Environment
- Providing Decent Affordable Housing
- Creating Economic Opportunity

Outcome categories that best reflect what the funded activity is seeking to achieve include:

- Accessibility/Availability
- Affordability
- Sustainability

Based on the objectives and outcomes applicable to each activity, and in the case of CDBG activities, the national objective selected, HUD's Integrated Disbursement and Information System (IDIS) will identify specific indicators for each activity. VIII. GEOGRAPHIC DISTRIBUTION

The City is funding projects, programs and activities that are available and easily accessible to lower income Antioch residents throughout the City. Organizations that are funded with CDBG funds are providing their services to Antioch residents within the city limits with four exceptions. Contra Costa Child Care Council, Contra Costa County Homeless Program, SHELTER, Inc., and STAND! Against Domestic Violence will provide some or all of their services to Antioch residents at their main sites in nearby communities.

The majority of low income block groups in the City of Antioch are north of the State Route 4 from Deer Valley Road to the City of Pittsburg border, and minority populations comprise most of the city. Although, no funds are directed towards a "target area" there are programs provided through Opportunity Junction, formerly OPTIC, (Census Tract 3072.05, Block Group 1, 65% Low Mod) and the City of Antioch Senior Services (Census Tract 3050, Block Group 3, 71% Low Mod) which are in low income block groups.

X. OTHER ACTIONS

The City will continue to work cooperatively with other jurisdictions within the Contra Costa Consortium to implement the affordable housing strategies and other non-housing community development needs identified in the Consortium's 2010-2015 Consolidated Plan.

Community Outreach - Minorities

As a result of the HUD Office of Fair Housing and Equal Opportunity evaluation of Consortium reporting, all FY 2004-2005 subrecipients were asked in their 4th quarter/end of year report to include a narrative of steps taken to include all citizens, actions taken to ameliorate barriers that may affect Limited English Proficiency (LEP) populations and a listing of statistics of services provided to residents as a result. The following questions will again be included in the 4th quarter report:

- 1) FTE number of Spanish-speaking employees that work on that specific program, and what they

do.

- 2) A brief statement that lists what program materials are translated into Spanish.
- 3) A brief statement about any outreach you conduct to Spanish-speaking populations to make them aware of your services.
- 4) A statement that estimates the percentage of clients you serve that "do not speak English as their primary language and who have a limited ability to read, write, speak or understand English."
- 5) List other materials and personnel that work with other ethnic populations.
- 6) If you have no programming, materials or outreach to clients other than English-speaking, describe what, if anything, you have or do for this population.

The City of Antioch has been keep the housing and CDBG section of the City's Internet site updated with current information (http://www.ci.antioch.ca.us/citysvcs/cdbg_housing.htm). Fair Housing information, housing lists, links to the County's website, subrecipient website, upcoming local affordable housing projects and staff contacts are among the comprehensive website offerings.

In addition, the Contra Costa County's website (www.ccreach.org) serves as the official Consortium website. Information about the County's programs and the Consortium CDBG process is included on the website with many of the materials in Spanish.

For this program year, the City of Antioch will fund numerous organizations that have bi-lingual capabilities. Housing Rights, Inc.'s marketing materials are provided in English, Spanish and Chinese. Bay Area Legal Aid also has program material in Spanish, Chinese, and Vietnamese as well as has staff that speaks Spanish, Korean, and Mandarin with intake offered in five languages. Other funded agencies produce educational materials in English, Spanish, Braille, Laotian, Cambodia, and Tagalog. Community Violence Solutions (CVS) has a Spanish version of their tri-fold brochure for victims.

City of Antioch staff does provide translation for Spanish and would be able to communicate with a citizen who speaks only Spanish or has limited English.

XI. HOMELESS AND OTHER SPECIAL NEEDS GROUPS

The City's Housing Coordinator maintains frequent contact with County service providers to learn of the needs of the homeless and has facilitated meetings between homeless representatives and City management.

The City will continue to provide grants to numerous public (social) service agencies focusing on the intervention/prevention of homelessness and institutionalization. STAND! Against Domestic Violence (formerly Battered Women's Alternatives) will continue to address the transitional housing needs of Antioch's battered women and their children. Through a partnership with Opportunity Junction, WW Ministries, Inc., will continue to provide lower income and homeless people with business attire for job interviews to enhance self-esteem and improve chances for employment. Food for very low-income residents will continue to be distributed through the Food Bank of Contra Costa and Solano.

Contra Costa Crisis Center will provide a 24-hour homeless hotline, which serves as the access point to all County Emergency Shelters. The Crisis Center is also managing and operating the new 211 national, three-digit phone number for 24-hour information about health and human services, including

homelessness services. 211 enables people to find out about vital resources in their community quickly and easily.

The City will also provide \$14,000 in ADA funds to SHELTER, Inc. for providing Antioch residents with one-time financial assistance for move-in costs, past due rent or mortgage payments. Case managers are also available to provide support and guidance to households that need help beyond one month's rent.

The City will continue to participate in the planning and coordination of the Countywide Continuum of Care Plan. As a member of the Contra Costa Consortium for the Consolidated Plan, the City will continue to serve on the selection team for the 2010-2011 HOPWA and ESG programs.

Chronic Homelessness

A homeless count conducted on January 26, 2005 found over 7,000 homeless persons countywide, 1,463 living outdoors and the remainder in shelters, transitional housing and in other programs. The Continuum of Care Plan also indicated that of the 2,016 total chronically homeless, only 266 were sheltered.

The County has identified chronic homelessness as a priority issue. Contra Costa County's new Project Coming Home is a multi-agency collaborative effort to provide integrated outreach, housing, treatment and permanent support of housing to chronically homeless individuals. Project Coming Home's comprehensive wrap-around services are provided through integrated service teams composed of staff from homeless, mainstream and veteran services. Through this multi agency partnership, Project Coming Home facilitates ongoing efforts in the County to better integrate service delivery across agencies and service systems and to expand the involvement of mainstream agencies in serving homeless people. In addition, the County has adopted its 'Ending Homelessness in Ten Years' Plan which aims to end chronic homelessness within ten years.

Chronically homeless people need specialized, intensive assistance in order to get back into housing and linked with the services they need for ongoing stability. The County's 'Ending Homeless in Ten Years' Plan proposes a strategy to end chronic homelessness with an emphasis on outreach. Specifically, the outreach strategy includes the following:

- Expand existing outreach capacity to fully meet the level of need
- Adopt a no-wrong-door approach to entering into the continuum of care
- Maintain linkages between outreach workers and the rest of the service system so that clients can be immediately linked to housing and services when they are ready to access them

There are three specific homeless providers, whom the City of Antioch has funded this program year, that work with the chronic homeless: SHELTER, Inc., the County's Homeless Program and the Contra Costa Crisis Center. Their supportive programs are intimately involved in the County's efforts to end chronic homelessness. In addition, two supportive housing facilities are currently under development which will add 98 family beds and 40 family units to the total Consortium capacity. The City's one-year goals for the number of homeless, non-homeless and special-needs households to be provided affordable housing are 5-7 through the Antioch Rental Rehabilitation program and 13 low-income Antioch residents will benefit from the Neighborhood Preservation Program.

XII. ACTIONS TO ADDRESS IMPEDIMENTS TO FAIR HOUSING

The City will again provide \$10,000 in ADA funds during 2010-2011 to Housing Rights, Inc., for the

purpose of providing fair housing counseling to Antioch residents, and will provide \$20,000 in ADA funds to Housing Rights, Inc., for tenant/landlord counseling services including an additional amount to cover 15 extra hours a week at the newly opened Antioch satellite office.

In response to the current housing market slowdown and the staggering number of foreclosures in the Antioch area, the City will provide \$46,000 in ADA funding to Community Housing Development Corp. of N. Richmond (CHDC)'s Contra Costa County Home Equity Preservation Alliance (HEPA) program. HEPA is a coalition of agencies serving families that are at risk of losing their home because of Contra Costa County's current foreclosure crisis and the last 5 year increase in subprime lending. CHDC partnered with Housing and Economic Rights Advocates (HERA), Bay Area Legal Aid (BALA), Pacific Community Services, Inc. (PCSI), and Housing Rights, Inc. to administer this program. PCSI will be primarily responsible for the Antioch area.

The City of Richmond has spearheaded a website (<http://www.ci.richmond.ca.us/index.asp?NID=1377>) for foreclosure information. Per their website: "The City of Richmond has volunteered on behalf of Contra Costa County and the cities within the County, to put together this web site in an effort to provide a single point of reference and up-to-date information concerning what to do if you are having trouble making your mortgage payment. The information is specifically written for consumers residing throughout Contra Costa County." The City of Antioch has also included a special page on its website to list additional resources for those residents that need help through this foreclosure crisis.

In addition, the City will continue to provide information to its residents about its housing programs and all major apartment complexes within the City. Primarily, this information is provided in response to telephone requests, but is also listed on the City's website, in articles in its newsmagazine and in local newspapers.

In Section X - Other Actions, the City outlined its community outreach efforts to minority populations. Advertisements have been made in local minority's newspapers regarding Consortium activities, and the City works with a number of subrecipients that provide services in multiple languages.

The Consortium has developed an updated Analysis of Impediments to Fair Housing Choice that covers all participating jurisdictions. The County Board of Supervisors adopted the updated Analysis of Impediments on April 27, 2010. In the City's Housing Element, the City commits to taking necessary actions to address the impediments identified within the City's jurisdiction.

XIII. ACTIONS TO EVALUATE AND REDUCE LEAD BASED PAINT HAZARDS

The City has developed a Lead Based Paint Implementation Plan (LBP Plan) that describes the actions to be taken, and the responsibility, for compliance with the new lead-based paint abatement regulations (24 CFR 35 and Title X of the Housing and Community Development Act of 1992) under each of its existing affordable housing programs. In particular, any homes constructed prior to 1978 that are assisted through the City's Neighborhood Preservation Program and Rental Rehabilitation Program will be in compliance with lead-based paint abatement requirements.

The Consortium is in the process of more clearly defining the nature and magnitude of the health and safety problems associated with the presence of lead-based paint in the older housing stock of the Consortium area. As a Consortium member, the City will participate in any joint efforts to address the

new federal lead-based paint regulations throughout the County.

XIV. ACTIONS TO REDUCE THE NUMBER LIVING BELOW THE POVERTY LEVEL

The City will continue to fund public (social) service agencies that provide a variety of services focused on helping residents who are at risk of becoming homeless. These services include food, clothing, substance abuse counseling (funded through CDBG and ADA) and crisis counseling.

The City will also fund programs to assist low-income individuals in establishing new businesses through economic development programs. For FY 10-11, the City will provide continued funding for Contra Costa Childcare Council's Road to Success program. This program offers technical assistance, training and general support leading to the State licensing of Antioch family child care providers.

Antioch Chamber Community Foundation program targets existing businesses that are struggling and new startups. The program will target Antioch residents and other entrepreneurs (all of whom are low-income) and help to facilitate the development of a business plan and key components of a marketing plan, financial analysis, and ongoing consulting in business management. The training is a 13 week course offered in both Spanish and English.

The Job Training and Placement program at Opportunity Junction (formerly OPTIC) provides comprehensive information technology and life-skills training for clients and follow-up services for Antioch residents. Ten unemployed, low-income, hard-to-serve persons will have access to new jobs through training and job placement in the administrative and office technology fields. Opportunity Junction has partnered with WW Ministries, Inc., to provide their clients with business attire for job interviews to enhance self-esteem and improve chances for employment.

XV. ACTIONS TO MONITOR COMPLIANCE WITH REGULATIONS

The City will continue to monitor subrecipients and projects to ensure compliance with program and planning requirements. Monitoring involves review of quarterly invoices and reports as well as agency audit reports. City staff will also perform on-site monitoring of two to three subrecipients each year. In addition, on-site monitoring may be conducted in cooperation with or by CDBG staff from other entitlement communities who provide copies of their monitoring reports to the City. The City ensures that the limited clientele national objective requirements are met for those activities that are not targeted to one of the presumed benefit populations. For all City loan/grant programs, each borrower is required to provide information in their application regarding their income. This is also true for all tenants in CDBG regulated rental projects. Property managers are required to annually re-certify each tenant in an affordable unit. Third party verifications of income are required for all of these housing programs.

City of Antioch will monitor the following subrecipients during the 2010-2011 program year:

<u>Name of Subrecipient</u>	<u>Monitoring Date</u>
Court Appointed Special Advocates (CASA)	November 2010
Child Abuse Prevention Council (Post Partum Home Visitation Program)	February 2011

The City of Antioch and the other entitlement jurisdictions in the Contra Costa County Consortium have worked together to refine a Performance Outcome Measurement System framework. The effort is in

response to CPD Notice 03-09 and has lead to a comprehensive approach to the measurement of outcomes for HUD's four major community development formula grant programs CDBG, HOME, ESG and HOPWA. The system includes objectives, outcomes and indicators for each type of activity undertaken with funds made available from these programs.

XVI. ACTIONS REGARDING PUBLIC HOUSING

There are no public housing units within the incorporated limits of Antioch. In addition, the Housing Authority of Contra Costa County is not classified as "troubled" by HUD, nor is it considered to be performing poorly. However, the City continues to support the five-year strategy of the Housing Authority of Contra Costa County including its goal to increase resident involvement and expansion of home ownership opportunities for its residents.

Recently, the City of Antioch has received numerous concerns from the public about, among other issues, residents receiving Section 8 assistance who were not maintaining their property. Eight open public forums have been held in fiscal years 2006-2007, 2007-2008 and 2008-2009 to address citizen concerns, and involved City Council, Police, Code Enforcement and CDBG representation. The City has established an online form to report comments concerning the City's state and has posted the results of the forums on the website: <http://www.ci.antioch.ca.us/Community/Quality-of-life.htm>.

Vacant/Abandoned Buildings

In the housing market analysis there are 1,710 vacant units for rent (818 of which are substandard) and 490 vacant units for sale (38 of which are substandard) in the Consortium's jurisdictions.

XVII. PUBLIC COMMENTS

In accordance with HUD regulations and the City's Citizen Participation Plan, a Public Hearing Notice was published in the Contra Costa Times Newspaper on March 25, 2010 for the public hearing at the April 27, 2010, City Council meeting. Councilmembers Moore and Rocha discussed how difficult the subcommittee process was for determining the funding recommendations and noted they look forward to the City Council's input on their recommendations.

Mayor Davis opened the public hearing.

Judith Parker, Development Director, Family Stress Center, announced they would be merging with STAND and thanked the City Council for funding the Proud Father's program.

Adam Poe, Bay Area Legal Aid, thanked the City Council for their consideration and gave a brief description of the Safety Net Project. He affirmed their commitment to the citizens of Antioch.

Alissa Friedman, Executive Director of Opportunity Junction, and several alumni of the job training and placement program, requested their CDBG allocation be restored to this year's level or at least 76% of that level. She noted the fiscal year 2010/2011 recommendation for the job training and technology center, excluding pass through dollars to Positive Edge, is \$45k less than last year, which would severely impact their level of service to the community. She voiced her appreciation to the City of Antioch for their partnership in fighting poverty through their organization and presented the City Council with letters from the alumni in support of their program.

Norman Cheng, Antioch resident, representing Opportunity Junction spoke to the benefits of their program and implored the City Council to restore their funding.

Mitchell Hardin, Jr., SBIC Nxlevel Small Business Trainer, discussed the benefits of their program. He noted the City has been funding SBDC for the past four years and questioned it's adequacy for the City to invest in a company or a service that had not met their goals. He requested the City Council consider the proposal from SBIC along with the community foundation.

Arlene Bradley and Gaby Ortega, representing Director of Housing Rights, thanked the City Council for their support and the subcommittee for their consideration. She requested the City Council revisit their proposal and consider that they may have to reduce their hours at the Rivertown Resource Center if more funding is not provided.

Devi Lanphere, Antioch Chamber of Commerce, representing the Small Business Information Center (SBIC), discussed the benefits of the training program being offered by Mr. Hardin. She noted the total request for \$38k was for three Spanish speaking classes and requested the City Council consider funding one class for \$13k.

Laine Lawrence, Executive Director of Contra Costa Senior Legal Services, thanked the subcommittee and staff for the recommendation of funding for their program.

Candida Duperroir and Erica Harland, representing the Contra Costa Child Care Council, thanked the City Council for their continued support.

Myrna Johnson and Willa Parsons, representing Positive Edge, thanked the City Council for their support and requested reconsideration of the amount they are allowing for their MOU with Opportunity Junction. She noted CDBG funds would assist them with paying the rent on their building.

Mayor Davis closed the public hearing.

Sandra Scherer, representing the Monument Crisis Center provided a graph of the clients they serve and reviewed the services they provide. She stated their request for \$10k would satisfy \$1.85 per client per month and requested the City Council reconsideration and if not this year, next year.

Renee McCarty, alumni of Opportunity Junction, requested the City Council reconsider the funding cuts for Opportunity Junction and spoke to the benefits of the program. She thanked the City Council for their consideration.

Mayor Davis closed the public hearing.

Following discussion the City Council consensus supported the following;

- Eliminate funding for the Workforce Development Board in the amount of \$30k
- Add funding to Antioch Chamber Foundation SBIC in the amount of \$13k
- Add funding to Positive Edge (pass-through from Opportunity Junction) in the amount of \$2.5k
- Add funding to Opportunity Junction in the amount of \$14.5k

Councilmember Parsons requested, in the future, the City Council consider funding the Monument Crisis Center.

Council commended the subcommittee members for their hard work and consideration of all the funding requests.

In response to Councilmember Kalinowski, City Manager Jakel reported the official contracts are for one year. Director of Community Development Wehrmeister added the CDBG allocation will not drive any decision the Council makes on the budget, however, an amendment to the action plan will be needed. City Attorney Nerland stated that staff will add to the cover letter sent with the agreement that there are unprecedented financial

issues and there is a possibility that the city may need to revisit these issues in the second year.

COUNCIL REGULAR AGENDA

7. DELTA BLUES FESTIVAL — CITY SERVICE SUPPORT REQUEST

Manager/Interim Recreation Director Karste presented the staff report dated April 14, 2010 recommending the City Council provide direction to staff regarding the support of the Delta Blues Festival event.

Frank Giovanni Jr., Delta Blues Festival, gave a brief history of the Delta Blues event and requested the City Council consider not charging for the use of the stage and commit to \$2500 in City services.

Following discussion the City Council consensus supported the event in concept, however, they felt it was not financially feasible for the City to contribute funds or set precedence by waiving fees for the stage during the current budget crisis. Suggestions were made to seek sponsorship, abbreviate the program, collect donations from attendees and/or hold a 50/50 raffle.

Councilmember Moore discussed the value of the event to downtown businesses.

Kyle Dieker, expressed concern momentum would be lost to keep the event going, if it is not funded this year. He spoke to the value of investing in the community and the success of the event. He thanked Mayor Davis for being involved in the past and handing out the scholarship.

Mayor Davis and Councilmember Moore offered to assist as individuals in fundraising efforts.

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation - It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan - Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan - It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds - It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year (2009) shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income

(not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws - The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Yet he has signaled in interviews that he will campaign as a centrist with a similar mission of job-creation and fiscal restraint. He also emphasized creating a realistic budget plan. NOTICE OF PUBLIC HEARING
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG), ANTIOCH DEVELOPMENT AGENCY (ADA) AND HOUSING PROGRAMS**

NOTICE IS HEREBY GIVEN that the Antioch City Council will hold a public hearing on Tuesday, April 27, 2010 at 7:00 P.M. in the Antioch City Council Chambers located at Third and 'H' Streets in Antioch, California. The Antioch City Council will be considering recommendations on the following matters: (1) approval of the FY 2010/15 Consolidated Plan and Analysis of Impediments to Fair Housing Choice; and (2) approval of the FY 2010/11 Action Plan and projected use of FY 2010/11 and FY 2011/12 Community Development Block Grant (CDBG) funds; and (3) Antioch Development Agency (ADA) funds.

Consolidated Plan
The Contra Costa Consortium (which includes the CDBG entitlement jurisdictions of Antioch, Concord, Pittsburg, Richmond, Walnut Creek, and Contra Costa County) has prepared a draft housing and community development plan - the five-year Consolidated Plan. The Consolidated Plan is mandated by the federal Department of Housing and Urban Development (HUD) and outlines existing and future housing and community development needs, and sets forth the strategies the Consortium will undertake and prioritize for using federal funds to address those needs.

Community Development Block Grant (CDBG)
The City of Antioch is an entitlement community under the Federal Community Development Block Grant (CDBG) program. CDBG funds are available for housing, community and economic development projects and public service programs that serve primarily lower income Antioch residents. As required by State law, the City sets aside 20% of the annual tax increment it receives from each redevelopment project area for allocation to the Antioch Development Agency (ADA) Housing Set-Aside funds. These ADA funds are available for housing activities as well as addressing additional public service needs that cannot be fully funded under the CDBG program 15% funding cap for public service activities.

The City is in the first year of a two-year funding cycle. All public service (including fair housing) and economic development programs who are awarded grants for FY 10-11 will receive a one-year contract and are eligible for an automatic renewal in FY 11-12. This is contingent on the availability of CDBG funds, the satisfactory accomplishment of contract goals and approval by the City Council.

This year the City expects to make available approximately \$720,500 in Federal CDBG funding, for the fiscal year beginning July 1, 2010 and ending June 30, 2011, with approximately \$108,000 available for public (social) services; \$468,000 available for housing programs, economic development and infrastructure/public facility activities; and \$144,000 available for program administration/planning.

This year the City expects to make available approximately \$614,000 in ADA funds for fair housing counseling services and tenant/landlord counseling. The City of Antioch's housing programs will also have available carryover ADA funding from FY 09-10.

Copies of the draft FY 2010/15 Consolidated Plan and the draft FY 2010/11 Action Plan are available for review during normal business hours in the City Clerk's office, located at Third and 'H' Streets, 1st floor in Antioch CA, the Community Development Department Office located at Third and 'H' Streets, 2nd floor in Antioch, CA, and the Antioch Public Library, located at 501 West 18th Street in Antioch, CA. Interested parties are encouraged to send comments on the draft Consolidated Plan and Analysis of Impediments to Fair Housing Choice and Action Plan. Written comments should be submitted to the CDBG Program Administrator, City of Antioch, Third and H Streets, Antioch, CA 94531 by 5:00 pm on Tuesday, April 27, 2010. This facility is accessible to the mobility impaired. If you have any comments or questions, call or e-mail Mindy Genity, CDBG Program Administrator, at (925) 779-7035, mgenity@ci.antioch.ca.us. **CITY OF ANTIOCH
NOTICE OF PUBLIC HEARING
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG), ANTIOCH DEVELOPMENT
AGENCY (ADA) AND HOUSING
PROGRAMS**

NOTICE IS HEREBY GIVEN that the Antioch City Council will hold a public hearing on Tuesday, April 27, 2010 at 7:00 P.M. in the Antioch City Council Chambers located at Third and H Streets in Antioch, California. The Antioch City Council is considering recommendations on the following matters: (1) approval of the FY 2010/11 Consolidated Plan and Analysis of Impediments to Fair Housing Choice; and (2) approval of the FY 2010/11 Action Plan and projected use of FY 2010/11 and FY 2011/12 Community Development Block Grant (CDBG) funds; and (3) Antioch Development Agency (ADA) funds.

Consolidated Plan

The Contra Costa Consortium (which includes the CDBG entitlement jurisdictions of Antioch, Concord, Pittsburg, Richmond, Walnut Creek, and Contra Costa County) has prepared a draft housing and community development plan — the five-year Consolidated Plan. The Consolidated Plan is mandated by the federal Department of Housing and Urban Development (HUD) and outlines existing and future housing and community development needs, and sets forth the strategies the Consortium will undertake and prioritize for using federal funds to address those needs.

Community Development Block Grant (CDBG)

The City of Antioch is an entitlement community. Under the Federal Community Development Block Grant (CDBG) program, CDBG funds are available for housing, community and economic development projects and public service programs that serve primarily lower income Antioch residents. As required by State law, the City sets aside 20% of the annual tax increment it receives from each redevelopment project area for allocation to the Antioch Development Agency (ADA) Housing Set-Aside funds. These ADA funds are available for housing activities as well as addressing additional public service needs that cannot be fully funded under the CDBG program 15% funding cap for public service activities.

The City is in the first year of a two-year funding cycle. All public service (including fair housing) and economic development programs who are awarded grants for FY 10-11 will receive a one-year contract and are eligible for an automatic renewal in FY 11-12. This is contingent on the availability of CDBG funds, the satisfactory accomplishment of contract goals and approval by the City Council.

This year the City expects to make available approximately \$720,500 in Federal CDBG funding for the fiscal year beginning July 1, 2010 and ending June 30, 2011, with approximately \$108,000 available for public (social) services, \$468,000 available for housing programs, economic development and infrastructure/public facility activities, and \$144,000 available for program administration/planning.

This year the City expects to make available approximately \$614,000 in ADA funds for fair housing counseling services and tenant/landlord counseling. The City of Antioch's housing programs will also have available carryover ADA funding from FY 09-10.

Copies of the draft FY 2010/11 Consolidated Plan and the draft FY 2010/11 Action Plan are available for review during normal business hours in the City Clerk's office located at Third and H Streets, 1st floor in Antioch, CA, the Community Development Department Office located at Third and H Streets, 2nd floor in Antioch, CA, and the Antioch Public Library located at 501 West 18th Street in Antioch, CA. Interested parties are encouraged to send comments on the draft Consolidated Plan and Analysis of Impediments to Fair Housing Choice and Action Plan. Written comments should be submitted to the CDBG Program Administrator, City of Antioch, Third and H Streets, Antioch, CA 94531, by 5:00 pm on Tuesday, April 27, 2010. This facility is accessible to the mobility impaired. If you have any comments or questions, call or e-mail Mindy Gentry, CDBG Program Administrator, at (925) 779-7035, mgentry@ci.antioch.ca.us.
