- (B) No person shall park or stand on any street, any lunch wagon, eating cart or vehicle, or pushcart from which tamales, peanuts, popcorn, candy, ice cream, or other articles of food are sold or offered for sale without first obtaining a written permit to do so from the City Traffic Engineer, which permit shall designate the specific location in which such cart shall stand.

### 4-5.1217.1 UNLAWFUL PEDDLING AND VENDING NEAR SCHOOL SITES

- (A) Findings. The City Council finds that public and private school sites experience significant traffic congestion at opening and closing times as parents drop off and pick up their children for school. The City Council further finds that the parking of vending trucks exacerbates traffic problems, blocks sidewalks, and creates safety issues for children trying to access the peddlers and vendors. This section is therefore necessary to protect health and safety.
- (B) Prohibited. No person shall stop, stand, or park a vehicle, cart, trailer or stand, or other device, on any street, alley, parkway, or public sidewalk for the purpose of distributing or selling food, services, or merchandise within 300 feet of the property line of any public or private school within the 30 minutes prior to classes convening and within 30 minutes after classes end for the day.
- (C) Exception. The above prohibition shall not apply to any vendor or peddler who has received written consent of the school principal or other authorized school official to park, stop or stand for the purpose of vending when such authorization does not interfere with public vehicle traffic or pose a traffic safety hazard to school children. Any such written authorization shall be kept and maintained with the vendor at all times for inspection.
