CITY COUNCIL COMMITTEE REPORTS/COMMUNICATIONS – None

MAYOR'S COMMENTS

Mayor Thorpe reported a petition submitted for the Hidden Glen area was under consideration and announced that a stop sign would be installed at Laurel Road. He noted Council may want to consider adding additional funds to the speed hump/cushions program during budget considerations. He further noted that traffic calming along Sycamore Drive would be discussed later in the agenda. He explained the Parks and Recreation Commission oversees parks and trails, so he encouraged residents to share their perspective with them.

4. PRESENTATION

INCLUSIONARY HOUSING POLICIES

Planning Manager Hersch presented the staff report dated November 22, 2022, recommending the City Council receive this informational report on inclusionary housing policies.

Mayor Thorpe reported Council had requested two public hearings to be postponed because a majority of Council wanted to learn more about inclusionary housing and how it would impact decisions on those public hearings.

In response to Councilmember Wilson, Planning Manager Hersch reported the economic study would take approximately 12 months so they could take a comprehensive look at the data to determine a fee that would reflect costs. She noted the Housing Element would come back to Council in January and would include a policy regarding pursuing inclusionary policies.

Director of Community Development Ebbs reviewed Brentwood and Concord's inclusionary housing ordinances. He explained that an inclusionary housing ordinance could move forward rather quickly; however, if they were going to offer an in-lieu fee option, it would need to be supported by a study.

Leslie May requested handicapped accessibility be considered for the physically disabled.

Andre Casanova, Antioch resident, requested prevailing wage, local hire and an apprenticeship program be considered.

Mayor Thorpe responded that this item was looking at a potential policy for future projects. He reminded the public that most projects approved in Antioch included a Project Labor Agreement that included local hire and prevailing wage.

S. RESOLUTION NO. 2022/213 CALIFORNIA ASSEMBLY BILL (AB) 844: GREEN EMPOWERMENT ZONE

On motion by Councilmember Ogorchock, seconded by Councilmember Barbanica, the City Council unanimously approved the Council Consent Calendar with the exception of items I, J, K, P and Q, which were removed for further discussion.

Item I – Lucas Stuart-Chilcoat stated he felt the radio costs were excessive and questioned if other models were considered.

Director of Community Development Ebbs responded that these radios systems would tie into the current APD radio systems, and he was unaware of an alternative.

On motion by Councilmember Ogorchock, seconded by Councilmember Barbanica the City Council unanimously approved Item I.

Item J – Lucas Stuart-Chilcoat questioned how many employees were unvaccinated. He spoke to the COVID vaccine benefits and discussed precautions that could be taken to decrease severity of symptoms. He reminded ill people to isolate and announced free COVID tests were available through the county and other sources.

On motion by Councilmember Ogorchock, seconded by Councilmember Barbanica the City Council unanimously approved Item J.

Item K – Councilmember Barbanica stated AB361 was appropriate when it was COVID related; however, now he felt meetings should be conducted in person.

Councilmember Wilson suggested taking 30-days to ease out of the AB361 provisions.

Councilmember Torres-Walker reported that she had several employees test positive for COVID recently and a potential threat still existed. She discussed the convenience of virtual meetings for those who wanted to be involved and could not attend in-person meetings. She stated she was not in favor of discontinuing this item.

Councilmember Ogorchock stated she supported easing out of the AB361 provisions within the next 30-days.

City Attorney Smith clarified with new legislation passed, a great deal of what is currently in AB361 would be incorporated into general law so the need for this action in the future was questionable.

On motion by Mayor Thorpe, seconded by Councilmember Torres-Walker the City Council approved Item K. The motion carried the following vote:

Ayes: Torres-Walker, Wilson, Thorpe

Noes: Ogorchock, Barbanica

Item P – Leslie May requested the City include language that all facilities be accessible for the physically disabled.

On motion by Councilmember Ogorchock, seconded by Councilmember Barbanica the City Council unanimously approved Item P.

Item Q – Andrew Becker stated he was disappointed that there was a rejection for a Homekey proposal. He requested Council give staff direction to work with Dignity Moves to pursue a Homekey application for the spring of 2023.

In response to Council, Assistant City Manager Bayon Moore confirmed the City had multiple organizations attend the pre-submission event. She reported that they only received one proposal from Hope Solutions; however, that organization did not have site control or experience developing affordable housing, so staff did not believe it would score strongly enough to advance a proposal to the State. She stated if it was the Council's direction to repackage and opportunity for Homekey staff could return with some suggestions for how to structure it to be successful and competitive. She noted they could also consider other funding opportunities that were available at the State level.

Mayor Thorpe suggested bringing this item back to Council at a future Study Session and clarified that the item before Council this evening was to accept or reject the bid.

On motion by Councilmember Ogorchock, seconded by Councilmember Barbanica the City Council unanimously approved Item Q.

COUNCIL MEMBER BARBANICA HAD PREVIOUSLY REQUESTED A MOTION TO SUSPEND THE RULES TO MOVE COUNCIL REGULAR AGENDA ITEMS #11 AND #12 TO BE HEARD AFTER THE CONSENT CALENDAR.

In response to Councilmember Barbanica, Director of Public Works/City Engineer Samuelson explained the potential financial impacts of the agreement.

RESOLUTION NO. 2022/214

The motion carried the following vote:

Ayes: Torres-Walker, Ogorchock, Wilson, Thorpe

Noes: Barbanica

12. SYCAMORE TRAFFIC CALMING MEASURES

Director of Public Works/City Engineer Samuelson presented the staff report dated November 22, 2022, recommending the City Council discuss and direct staff regarding Sycamore traffic calming needs.

Mayor Thorpe requested Council approve the installation of speed bumps on Sycamore Drive

Leslie May encouraged Council to support the installation of speed bumps on Sycamore Drive.

Lindsay Amezcua stated in addition to speed bumps she suggests the City install a stop sign and crosswalk at the bus stop. Additionally, she felt a center median would prevent cars from illegally passing.

Edgar M stated speed bumps and a center median would help in the Sycamore area and encouraged council to continue to look at other problem areas in Antioch.

Sabrina agreed that Sycamore was a problem area and discussed the importance of the community working with the City to reduce criminal activity.

Councilmember Torres-Walker thanked everyone for their comments. She reported the community had requested raised and lit crosswalks on Manzanita and Spanos as well as medians with forced turn lanes. Additionally, the community has asked for curb cuts in the Lemontree/Peppertree area.

Mayor Thorpe clarified that he was speaking generally when discussing the need for speed bumps for the Sycamore area and noted that something needed to be done immediately.

Director of Public Works/City Engineer Samuelson stated there were many traffic calming measures that could be consider for the neighborhood. He reported that they were close to being done with the James Donlon Blvd. study and they were in the process of creating some preliminary plans for Sycamore. He stated staff could return with some suggested items. He

noted if vertical items were to be considered, he would suggest public meetings be held to allow those affected to provide input. He further noted they could have something back to Council by April.

Councilmember Ogorchock agreed that the Sycamore area should be addressed next and requested staff also prioritize areas around schools.

Councilmember Wilson requested Prewett Ranch be added to the list to be considered for traffic calming measures.

Mayor Thorpe reported CCTA was working on safe routes to schools countywide. He encouraged Councilmembers who want other areas to be considered to send those requests to him so he could consider them as future agenda items.

In response to Councilmember Torres-Walker, Director of Public Works/City Engineer Samuelson explained that striping, signage, and speed feedback signs could be implemented sooner than April, if that was Council's direction. He noted medians, speed humps and road closures would take longer since they needed to be studied and a public meeting would need to take place.

Following discussion, Council directed staff to bring back traffic calming measures for the Sycamore Neighborhood.

ON MOTION BY COUNCILMEMBER BARBANICA SECONDED BY COUNCILMEMBER OGORCHOCK THE CITY COUNCIL UNANIMOUSLY SUSPENDED THE RULES TO MOVE COUNCIL REGULAR AGENDA ITEM #8 TO BE HEARD AS THE NEXT ORDER OF BUSINESS.

8. DISCUSSION OF PROVIDING \$125,000 TO THE ANTIOCH CHAMBER OF COMMERCE FOR GENERAL SUPPORT

Director of Economic Development Reed presented the staff report dated November 22, 2022, recommending the City Council discuss support for the Antioch Chamber of Commerce and provide staff with direction.

Daniel Sohn, President and CEO Antioch Chamber of Commerce, gave an overview of their plans for the Small Business Investment Center and the Antioch Convention and Visitor Bureau. He thanked Council and staff for their support.

Councilmember Ogorchock requested Council also consider replenishing the Antioch Cares Program.

Mr. Sohn reported they had just committed the last \$500.00 of the Antioch Cares Program to a local business, and they were looking at replenishing funds for that program.

In response to Councilmember Barbanica, Mr. Sohn clarified the request for \$100,000 would cover a 5-year period and \$20,000 annually would be used toward leveraging grant monies. He noted it would also help when seeking additional appropriations and promoting the program. He announced they were working directly with the Governor's Office of Small Business and Department of State to obtain a \$1M commitment from the state annually for Antioch.

Mayor Thorpe commented that staff would design a program for administering and monitoring the outcomes from the funds.

Mr. Sohn commented that the \$1M in funds they were seeking from the state would come to the City to disperse quarterly to the Convention and Visitors Bureau. He noted the Chamber of Commerce Board would have fiduciary responsibility over those dollars and recommended a member of City Staff or Council be appointed to the Advisory Board.

Councilmember Torres-Walker thanked Mr. Sohn for helping to create a relationship between the City and Chamber. She spoke in support of investing in business and local jobs for the community. She also supported staff or Council participation on the Advisory Board.

Mr. Sohn reiterated that they wanted to be good stewards of public money and it would be advantageous to have either staff or a Council Member present during Board meetings, so the city was aware of how the money was being spent and helping to decide how to use it. He stated they were looking for unanimous support of \$125,000 in funding and they would be happy to discuss adding Antioch Cares Program funding.

Council consensus supported providing \$125,000 of one-time money to the Antioch Chamber of Commerce for General Support and bringing back consideration of the \$125,000 for the Antioch Cares Program during ARPA funding consideration.

Following discussion, Council directed staff to bring back a resolution to formalize support to the Antioch Chamber of Commerce.

Mayor Thorpe supported the selection of the Chamber of Commerce CEO and the efforts to build on the success that the Chamber built under former Mayor Sean Wright. He commented that Mr. Sohn was doing the right job for the City and encouraged the Board to not allow people to undermine their process.

Mayor Thorpe stated he would prefer to consider staffing requests and ARPA funds during future Study Sessions.

City Attorney Smith expressed concern for postponing consideration of the positions requested to administer the Rent Stabilization Ordinance since they had had an overwhelming number of people contact the City prior to having petitions available. He noted the two positions requested for the City Attorney's office were to assist residents with those requests.

In response to Mayor Thorpe, City Attorney Smith commented that it took a year to fill the Assistant City Attorney position and she was hired to oversee legal matters for the entire City. He noted there was not sufficient staff to administer the Rent Stabilization Program.
