**REPORT TO THE OVERSIGHT BOARD OF THE SUCCESSOR AGENCY OF THE ANTIOCH DEVELOPMENT AGENCY OF THE CITY OF ANTIOCH FOR CONSIDERATION AT THE MEETING OF JULY 21, 2014**

Prepared By: Steve Duran, Executive Director, City as Successor Agency to the Antioch Development Agency

Date: July 21, 2014

Subject: Long Range Property Management Plan Guiding Former Redevelopment Agency Real Property Assets

**ACTION**

Motion to adopt a resolution approving the Long Range Property Management Plan for disposition of the former Redevelopment Agency's real property assets and authorize the Oversight Board Chair to execute the attached resolution.

This action is recommended by the staff to the City as Successor Agency to the Antioch Development Agency.

**DISCUSSION**

Pursuant to the Redevelopment Dissolution Act, each successor agency is required to prepare a Long Range Property Management Plan (LRPMP) that identifies real property assets and sets forth a strategy to retain and/or dispose of these assets in accordance with the provisions of Assembly Bill (AB) 1484. According to these provisions, the Successor Agency can designate former real property assets into one of the four following categories:

1. Retention for Government Use
2. Sale of the Property
3. Retention for Future Use
4. Use of Property to fulfill an enforceable obligation.

In March 2011, the Antioch Development Agency transferred 25 parcels to the City through a property conveyance agreement. Subsequently, the Department of Finance (DOF) directed that those 25 parcels be transferred back to the Successor Agency, (Category 2 above), to be sold to generate revenue for the local taxing entities (e.g. school districts, County, City and special districts). To date, the DOF has approved four parcels (Properties labeled 1-4 in the LRPMP) to be retained by the City for continued government use (Category 1 above). The City further agrees that four others parcels (Properties 20-23) should be classified under Category 2, and therefore should be sold and the proceeds of these sales also distributed to the taxing entities referenced above.

However, despite multiple communications, the City and DOF have not yet reached a consensus regarding the use of the remaining 17 properties (Properties 5-19, 24, and 25). Antioch's LRPMP sets forth a proposed strategy and plan for all 25 properties and reflects the Agency's proposed disposition plan, as follows:

- Properties 1-4 will be retained for government use (approved by DOF). These properties include the City's municipal boat launch facility, Amtrak station/bus stop, and public access to the City's fishing pier.

- Properties 5-19 are to be retained for government use (proposed by Agency Staff). Nearly all of these properties are zoned Exclusive Parking District (EPD) and are actively utilized as parking for City Hall, the Senior Center, and Waldie Park Plaza. The sole property not zoned EPD is the Lynn House/Hard House parcel: the Lynn House is currently occupied by the Arts & Cultural Foundation, which is largely supported by the City, while the Hard House is the subject of an agreement between the City and the Friends of the Roswell Butler Hard House, an organization that intends to rehabilitate this building for purposes of creating a public museum. The LRPMP proposes that all of these properties, with the exception of the Hard House remain under City ownership for ongoing government uses. The Hard House property may eventually be transferred to a local non-profit. Properties 20-22 are proposed for sale in accordance with AB 1484. These small infill parcels are located in Downtown Antioch and could generate sales proceeds amounting to roughly \$22,000 - \$66,000 which would be distributed to the applicable taxing entities.
- Properties 23-25 are to be retained for future use. The Agency will attempt to find a private development partner to jointly plan and develop these properties in the future. It is possible that depending on the type of development that takes place on these properties that they could be sold at less than the fair market value should that be necessary to make such development economically feasible.

Staff and the consulting team presented this item at the June 24, Successor Agency/City Council meeting where the Long Range Property Management Plan was unanimously approved. Staff will make a presentation to the Oversight Board of the LRPMP and answer questions. The final LRPMP with executed resolutions from the Successor Agency and Oversight Board will be sent to the State Department of Finance, which fulfills the State mandated obligation to have a locally approved LRPMP prior to the end of 2014.

The approval of the LRPMP is exempt from the California Environmental Quality Act pursuant to Section 15061(B)(3) which exempts projects under the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. The Long Range Property Management Plan merely inventories the location, acreage, assessed value, and proposed disposition of the properties. The majority of the Properties included in the Long Range Property Management Plan are expected to continue in their current use so the adoption of the LRPMP will not have an environmental effect with regards to those Properties. To the extent that Properties are proposed for future development or redevelopment, prior to any such development or redevelopment, the development would be subject to further City environmental review as required by CEQA, however, any such review at this time would be premature since no specific development is proposed for these Properties.

RESOLUTION OF THE OVERSIGHT BOARD OF THE SUCCESSOR  
AGENCY OF THE ANTIOCH DEVELOPMENT AGENCY OF THE CITY OF  
ANTIOCH APPROVING  
A LONG-RANGE PROPERTY MANAGEMENT PLAN PURSUANT TO  
HEALTH AND SAFETY CODE SECTION 34191.5

WHEREAS, pursuant to ABx1 26 enacted in June 2011 (as amended by AB 1484 enacted in June 2012, the "Dissolution Law"), the Antioch Development Agency of the City of Antioch (the "Dissolved RDA") was dissolved as of February 1, 2012, and the City of Antioch, acting in a separate limited capacity and known as the Successor Agency of the Antioch Development Agency of the City of Antioch, has elected to serve as the successor agency (the "Successor Agency") of the Dissolved RDA; and

WHEREAS, pursuant to Health and Safety Code Section 34173(g), as added by the Dissolution Law, the Successor Agency is a separate legal entity from the City of Antioch (the "City"); and

WHEREAS, the City Council (the "City Council") of the City serves in a separate capacity as the governing board of the Successor Agency; and

WHEREAS, the Successor Agency is charged with paying the enforceable obligations, disposing of the properties and other assets, and unwinding the affairs of the Dissolved RDA; and

WHEREAS, an oversight board for the Successor Agency (the "Oversight Board") has been formed and is functioning in accordance with Health and Safety Code Section 34179; and

WHEREAS, the City Council of the City of Antioch (the "City Council") adopted the Redevelopment Plan for the Antioch Redevelopment Project Area 1 by Ordinance No.290 C.S. dated July 15, 1975 (Redevelopment Plan) and amended from time to time thereafter; and

WHEREAS, the City Council of the City of Antioch (the "City Council") adopted the Redevelopment Plan for the Antioch Redevelopment Project Area 2 by Ordinance No.584 C.S. dated July 17, 1984 (Redevelopment Plan) and amended from time to time thereafter; and

WHEREAS, the City Council of the City of Antioch (the "City Council") adopted the Redevelopment Plan for the Antioch Redevelopment Project Area 3 by Ordinance No.660 C.S. dated December 30, 1986 (Redevelopment Plan) and amended from time to time thereafter; and

WHEREAS, the City Council of the City of Antioch (the "City Council") adopted the Redevelopment Plan for the Antioch Redevelopment Project Area 4 by Ordinance No.752 C.S. dated July 11, 1989 (Redevelopment Plan) and amended from time to time thereafter; and

WHEREAS, the Dissolved ADA acquired certain properties (the "Properties") for redevelopment with uses consistent with, and for projects identified in, the Redevelopment Plans; and

WHEREAS, the Successor Agency staff is working closely with the California Department of Finance (the "DOF") to receive a "Finding of Completion" pursuant to Health and Safety Code Section 34179.7, confirming that the Successor Agency had made specified required payments under the Dissolution Law; and

WHEREAS, the Successor Agency is submitting a Long-Range Property Management Plan (the "PMP") to the Oversight Board for review and action; and

WHEREAS, in accordance with Health and Safety Code Section 34191.5, the Successor Agency has prepared and pursuant to Resolution No. SA 2014/13 has approved a PMP, a copy of which is on file with the Successor Agency Secretary; and

WHEREAS, the PMP provides for the disposition and use of the Properties in a manner consistent with and to implement projects identified in the Redevelopment Plans; and

WHEREAS, because of such proposed disposition and use, the PMP further calls for the transfer of certain properties to the City for disposition and use in accordance with the Redevelopment Plans and the PMP, upon approval of the PMP by the Oversight Board and the DOF, all as authorized by Health and Safety Code Section 34191.5(c)(2)(A); and

WHEREAS, in accordance with Health and Safety Code Section 34181(a) and the PMP, certain Properties acquired by the Dissolved ADA were constructed for and are used for governmental purposes, including the properties identified as Properties No's 1-19 in the PMP ("Governmental Use Properties"); and

WHEREAS, in accordance with Health and Safety Code Section 34181(a) the PMP calls for the transfer of the Governmental Use Properties to the City for continued use for governmental purposes; and

WHEREAS, the Successor Agency has determined that the approval of the LRPMP is exempt from the California Environmental Quality Act pursuant to Section 15061(B)(3) which exempts projects under the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment and the Successor Agency has determined with certainty that there is no possibility that the adoption of the LRPMP will have a significant effect on the environment; and

WHEREAS, the report from the staff of the City as Successor Agency (the " Report") accompanying this Resolution contains additional information and analysis upon which the findings and actions set forth in this Resolution are based.

NOW, THEREFORE, BE IT RESOLVED that the Oversight Board of the Successor Agency hereby finds that the above Recitals are true and correct, and together with the Report

and other information provided by the Successor Agency staff and the public, form the basis for the findings and actions set forth in this Resolution.

BE IT FURTHER RESOLVED that the Oversight Board Designated Communication Official or his or her designee, is hereby authorized and directed to file appropriate notice with respect to this Resolution and the actions set forth in this Resolution in accordance with the applicable provisions of CEQA.

BE IT FURTHER RESOLVED that the Oversight Board hereby approves the PMP in the form on file with the Successor Agency Secretary.

BE IT FURTHER RESOLVED that, upon approval of the PMP by the Oversight Board and the DOF, the Oversight Board authorizes and directs the Successor Agency Executive Director, or the Executive Director's designee, acting on behalf of the Successor Agency, to dispose and use the Properties and any disposition proceeds in accordance with the PMP and to take any action and execute any documents as may be necessary to implement the disposition and use of the Properties and any disposition proceeds in accordance with the terms approved in the PMP and this Resolution.

BE IT FURTHER RESOLVED that the Oversight Board hereby directs the Successor Agency to transfer the Governmental Use Properties to the City in accordance with the PMP.

BE IT FURTHER RESOLVED, the Oversight Board hereby directs its Designated Contact Official, or the Designated Contact Official's designee, to provide written notice and information about this Resolution to the California Department of Finance in accordance with Health and Safety Code Section 34179(h). The actions set forth in this Resolution shall be subject to effectiveness in accordance with Health and Safety Code 34179(h).

## **Long Range Property Management Plan**

*Successor Agency to the Antioch Development Agency*

June 2014

## **I. BACKGROUND**

Pursuant to Health and Safety Code sections 34177(e) and 34181(a) a successor agency is required to dispose of all assets and properties of a former redevelopment agency that were funded by tax increment revenues of the subject dissolved redevelopment agency. This document is intended to address Section 34191.4(a) and 34191.5 (a) of Assembly Bill 1484 (AB 1484) and related requirements for preparation of a Long Range Property Management Plan (“Plan”) related to the real property assets of the former Antioch Development Agency (“Former Agency”), which have been transferred to the Antioch Successor Agency (Agency or “Successor Agency”). The Plan identifies existing Agency real property assets (e.g. land, buildings, etc.) and sets forth a strategy for the appropriate retention and disposition of such assets in accordance with the provisions of AB 1484, including recommended actions to be undertaken by the Successor Agency to position the subject assets for disposition in a logical and systematic manner so as to enhance the disposition value of the subject assets.

## **II. SUMMARY OF PROPOSED REAL PROPERTY ASSET RETENTION AND DISPOSITION ACTIONS**

This Long Range Property Management Plan (Plan) sets forth a proposed strategy and plan for retention and disposition of certain identified Successor Agency-owned real property assets within the City of Antioch, California (City).

### **A. Retention of Real Property for Government Use**

The properties listed in Table 1 (Property No’s 1 through 4) were transferred to the City of Antioch in March of 2011 because such properties, which were originally acquired by the Former Agency, have been continually dedicated for public use. The State Department of Finance (DOF) has already approved the transfer of properties 1 through 4 to the City.

3	066-010-014	W. First Street	Amtrak Train Station/Public Bus Stop
4	066-020-010	Foot of H Street	Public Access- pier at Riverview Lodge

The proposed disposition plan objective is to recognize that the transfer of the real property assets listed in Table 2 (Property No’s 5 through 19 below) to the City for continued dedicated governmental use, represents an authorized transfer under AB 26 and AB 1484.

**B. Disposition (Sale) of Real Property**

The Plan proposes that the properties listed in Table 3, (Properties 20 through 22 below), be positioned for disposition by the Successor Agency. The proposed disposition plan objective is to sell the subject property for private development, consistent with the existing City General Plan and zoning ordinance land use designations, through a Request for Proposals and Offer (RFPO) process, which is further described later in this Plan. The sale proceeds from the disposition will be sent to the Contra Costa County Auditor-Controller for distribution to the taxing entities.

22	066-092-014	W. Second Street	Vacant parcel

**C. Retention of Properties for Future Use**

The Plan proposes that the properties listed in Table 4, (Properties 23 - 25), be retained by the Successor Agency for future disposition and development. The proposed Plan objective is to retain the properties for future disposition (sale) for private development consistent with the existing City General Plan and zoning ordinance, the former Redevelopment Plan, the Former Agency’s Five Year Implementation Plan, and other planning and feasibility documents developed by the Former Agency (referred to as the “Plans”).

The remainder of this Plan provides details on each of the properties by asset category.

**III. REAL PROPERTY ASSETS**

**A. Former Agency-Owned Real Property Assets**

Health & Safety Code sections 34177(e) and 34181(a) require that the Successor Agency designate each of the Former Agency-owned real property assets by one of the following categories:

1. Retention for government use
2. Sale of the property
3. Retention for future use
4. Use of Property to fulfill an enforceable obligation.

Attachment A contains a complete documentation of parcels, including their Plan designation number as well as the designation number previously utilized in the Property

## **FA Fraser & Associates**

Conveyance Agreement, Oversight Board Resolution 2012-5, and subsequent correspondence between the Successor Agency and DOF. The new numbering makes no changes to properties 1 through 19 and affects only the numbering of the original properties 20-25.

Attachment B contains a property data table describing the real property assets of the Agency. For each of these subject properties the table includes, but is not limited to, the following information:

1. Date of purchase, value of property (estimated) at time of purchase;
2. Purpose of the property acquisition;
3. Parcel data including address, size, zoning, General Plan designation;
4. Estimate of the current value or appraised value;
5. Estimate of revenue generated from use of property and contractual requirements (e.g. lease, etc.);
6. Any history of environmental contamination and / or remediation;
7. Development potential / planning objectives; and
8. Any previous development proposals, rental or lease agreements, other contracts

As part of the dissolution of the Former Agency, Health and Safety Code Section 34167.5 requires the State Controller to review the activities for the Former Agency to determine if assets were transferred between the Former Agency and the City after January 1, 2011. The State Controller may order the reversal of any and all ineligible transfers of assets, including real and personal property, cash, accounts, receivable, deeds of trusts and mortgages, contract rights and any rights of payment of any kind. One of the permissible reasons that an asset transfer may have been made, and would not be subject to reversal, is if the property was constructed and used for a governmental purpose (H&S Section 34177(e) (3), Section 34181(a). Following discussion with the State Controller's office, the City transferred 21 of the 25 parcels back to the Successor Agency (book transfer only); the Controller's office released a draft report on October 2, 2013 and a final report on February 26, 2014 regarding the asset review for the parcels included in this report.

**1. Governmental Purpose Properties**

On March 9, 2011, the Former Agency and the City entered into a Property Conveyance Agreement transferring 25 properties to the City; of these 25 properties, 6 were identified as the equivalent of properties to be sold or retained for future use, while the remaining 19 properties were considered in public use at the time. On August 20, 2012 the Oversight Board adopted Resolution OB 2012-05 approving the prior transfer of the 19 parcels of land that were and are currently used for governmental purposes. The Successor Agency and Oversight Board determined that the first 19 properties: 1) were purchased and used for a governmental purpose; 2) had a nominal market value; and 3) were not suitable for disposition (sale) to a third party for private development given their public use. The DOF has disputed the transfer of properties 5 through 19 as not being for governmental use, as discussed in greater detail later in this Plan, a decision that the Successor Agency and the Oversight Board continue to dispute.

*Note 1: Purchase date and funding source information reflects best information available, based on title reports and insight from City staff as of August, 2013.*

*\* This property was subsequently re-numbered as Property #24 (Rodger's Point) in the Plan.*

Real property assets listed in Table 5 above were acquired by the Agency for, and continually dedicated to, public use. (Please note that Property 20 was subsequently re-numbered as Property #24 (Rodger's Point) and is now proposed for Retention for Future Use.) Dating back to 1957, City Resolution 1477-A provided for the acquisition of certain parcels within Downtown to create off-street parking in order to facilitate private development that could rely on these publicly-owned parcels to satisfy their parking requirements. In the decades that followed the City acquired a series of parcels to serve this purpose, and many of the properties listed in Table 4 are zoned "P: Exclusive Parking District," for which the only allowable use is public parking. Attachment C contains parcel maps for properties 5-19. Photos for select properties are also included in that attachment.

- **Property Nos. 1 and 2 (Municipal Boat Launch)** comprise approximately 4.60 acres and 0.42 acres, respectively; together, these parcels are used for the City's municipal boat launch facility.
- **Property No 3 (Amtrak Stop)** is a narrow parcel located along the north side of First Street between K Street and I Street. It is 1.10 acres and is used as the Amtrak Station and public bus stop. Amtrak's lease dates back to 1990, (with the original lessee

## **FA Fraser & Associates**

being the Atchison, Topeka, and Santa Fe Railway); there is also a natural gas pipeline easement.

- **Property No 4 (City Fishing Pier)** fronts the San Joaquin Delta, at the foot of Waldie Park Plaza. It is a public access parcel and contains the pier at Riverview Lodge. This parcel, which contains the City's fishing pier, is 0.28 acres in size.
- **Property No. 5 (Senior Center Parking Lot)** is nearly one-half acre in size and is currently zoned P: Exclusive Parking District. It is used as a public parking lot for the Senior Center during the day for employees, members, and volunteers. Located at the northwest corner of Second Street and E Street, this property also abuts the railroad. In 2002 a 10-foot easement for a natural gas pipeline was placed across the property. The exact location of the easement is unknown but presumably is within the 40-foot ROW of the Railroad. In addition, this parcel would require an ALTA/ACSM survey, (to review and insure title), prior to the issuance of any policy of title insurance.
- **Property No. 6 (Nick Rodriguez Parking)** is located at the northwest corner of Third Street and H Street. It is nearly one-fourth of an acre and is zoned P: Exclusive Parking District. This parcel is currently used as the parking lot for the Nick Rodriguez Community Center. There is a 10-foot right of way (ROW) easement for pedestrian, animal, and vehicular traffic that travels across the northern portion of the parcel. The title report for this parcel includes an agreement dating back to 1958 associated with the sale, for \$1, by Wells Fargo Bank to the City of Antioch for the entire block bounded by F Street, G Street, and Second Street and Third Street. The agreement states that the land be used for off-street parking for motor vehicles; the agreement further stipulates that, should the City or subsequent owners ever cease to use the land for anything other than public parking, the land should revert to a public street or land reserved for the installation of utility lines. In addition, this parcel would require an ALTA/ACSM survey, (to review and insure title), prior to the issuance of any policy of title insurance.
- **Property Nos. 7 and 8 (Adjacent to Showboat Building)** contain a 0.392-acre and 0.184-acre parcel, respectively. Property No. 7 is an L-shaped parcel fronting I

Street, in between Third Street and Fourth Street; Property No. 8 is an irregularly shaped interior parcel that has access both to Third Street and H Street. These parcels were part of a larger property acquired by the City in 1983, at which time there existed several buildings, including the historic 10,000 square foot Showboat building, 4 single-family homes, and a 600 square-foot commercial building used for dog grooming. The acquisition agreement states that the City's intent was to renovate the Showboat building, demolish the residences, and build a public parking lot. Properties 7 and 8 are currently used for public parking and are zoned P: Exclusive Parking District. Property 8 would also require an ALTA/ACSM survey, (to review and insure title), prior to the issuance of any policy of title insurance.

- **Property No. 9 (Parking Across from City Hall, South Side)** is an improved public parking lot on 0.292 acres fronting both Third Street (across from City Hall) and Fourth Street. This parcel has multiple encumbrances, including its zoning as P: Exclusive Parking District. Second, there is a 5-foot access and utility easement that benefits the adjacent parcel to the east (a.k.a. Parcel A) on Third Street. Third, there is a 1988 agreement that provides a 45-day, first-right-of-refusal at market value, to the former property owner of an adjacent property if the property should be sold. This agreement also prohibits the construction of any permanent structure that obstructs access to the building to the west of Property No. 9. Fourth, a 1990 encroachment permit allows the placement a trash enclosure on Property No. 9. Finally, this parcel would require an ALTA/ACSM survey, (to review and insure title), prior to the issuance of any policy of title insurance.
- **Property No. 10 (City Hall Parking, North Side)** is approximately one-half acre in size and is actively utilized as a parking lot for City Hall as well as the El Campanil Theatre. This property is zoned P: Exclusive Parking District. There is also an 8.4-foot, (0.02-acre), fire clearance setback easement created in 2010 on the west side of the parcel.
- **Property No. 11 (City Hall Parking, East Side)** is a 0.192-acre parcel located next to City Hall. It is zoned P: Exclusive Parking District and is actively used as a City Hall parking lot accessed from Third Street. In addition, this parcel would require an

## **FA Fraser & Associates**

ALTA/ACSM survey, (to review and insure title), prior to the issuance of any policy of title insurance.

- **Property Nos. 12-14 (Waldie Park Plaza Parking)** form the parking lot for the Waldie Park Plaza and are zoned P: Exclusive Parking District. Located at the southeast corner of First Street and I Street, the parcels are 0.215 acres (Property 12), 0.057 acres (Property 13), and 0.057 acres (Property 14), for a total of nearly one-third of one acre. They were acquired together in 1989. Also, in 2007, a 2-3 feet wide easement was placed on Property 12 for ingress, egress, and maintenance of a meter box. Property 13 would also require an ALTA/ACSM survey, (to review and insure title), prior to the issuance of any policy of title insurance.
- **Property No. 15** is the only property with existing structures: the Lynn House and the Roswell Butler Hard House. Nearly one-third acre in size, this property fronts First Street and is encumbered by a utilities and access easement along its southern and western boundaries. The Lynn House is home to the Arts & Cultural Foundation of Antioch; this organization, which receives significant funding from the City's transient occupancy tax revenues, actively uses the building for a public art gallery and civic arts program offices. The City continues to follow an agreement signed in 2008 that provides the Foundation with rent-free use of the Lynn House. Under the agreement, the City is responsible for maintenance and repair of the premises, and has paid for elevator maintenance (\$80 per month) and HVAC maintenance on an annual basis. The City also funds a contract with the Foundation for the provision of arts and culture events, including the organization of a minimum number of art exhibitions, outdoor concerts, and other community events.

The Hard House was built and lived in by the first mayor of Antioch starting in 1868 and is now on the State and Federal Registry of Historic Sites. It has fallen into a state of significant disrepair and is currently closed to the public. In 2012, the City entered into an agreement with the Friends of the Roswell Butler Hard House, a 501(c) 3 non-profit corporation established in 2009. Work to be performed to the Hard House by the non-profit includes the complete renovation of the original structure built in 1868 and the removal of the 1920 addition. Work is to be done in

## **FA Fraser & Associates**

phases starting with making the building safe and water tight, then proceeding with the first floor followed by the second floor renovation. Previous appraisals of the Hard House indicate that it has “negligible value” based on the condition of the parcel.

- **Property Nos. 16-19 (Parking, Caddy Corner from City Hall)**

These four parcels comprise the parking lot on the west side of I Street, in between Third Street and Fourth Street, caddy corner to City Hall and are used for civic parking. They are zoned P: Exclusive Parking District and range in size from 0.068 acres to 0.34 acres in size, cumulatively comprising approximately 0.58 acres. Prior to the issuance of any policy of title insurance, properties 16, 17, and 19 would require an ALTA/ACSM survey, (to review and insure title).

On November 2, 2012, the DOF issued a revised Objection to Oversight Board Action determination letter advising that none of the 19 properties met the definition of governmental use as defined in the HSC 34181 (a). After a subsequent “meet and confer” session on February 14, 2013, the DOF, in a letter dated July 12, 2013, revised the original findings in the original Objection to Oversight Board Action based on additional information provided by the City, and approved Property No’s 1 through 4 as governmental use property properly transferred to the City. Property No’s 5-19 were not considered governmental use, largely because they consist of parking lots and one building that, owing to its physical deterioration, is uninhabitable. However, the City and Successor Agency continue to dispute DOF’s finding of non-governmental use for all of these properties. The City and Successor Agency position is further supported by a California Supreme Court decision (*Whittier v. Dixon* 24 Cal 2d 644, 667 (1944)), which found that public parking lots serve a public purpose. In addition, Streets & Highways Code Section 31506 states that cities may improve property for parking purposes. Each of these supports the City position that the parking lots are a governmental use, contrary to the position of the DOF.

**FA Fraser & Associates**

**2. Real Property Assets Proposed for Sale**

Based on the determinations of the Successor Agency, Oversight Board, and the DOF’s OFA-DDR determination letter, there are twenty-one (21) properties addressed in this section of the Plan. The 21 properties include fifteen (15) properties, (Property No’s 5-19), that are in dispute and which the Successor Agency and Oversight Board propose be transferred to the City for government use. The remaining 6 properties (Property No’s 20 through 25) were originally determined to be potentially suitable for disposition. The Plan proposes that three of these properties (Properties 20-22) be sold, and the other three be held for future development.

The properties identified for disposition are concentrated in Downtown Antioch, between F Street on the east, K Street on the west, Third Street on the south, and the railroad track on the north. These properties are vacant lots with Rivertown Retail District (RTC) zoning. The RTC zoning designation allows for a variety of retail businesses, restaurants, personal and professional services, and offices. In addition, compatible service-oriented and office uses are permitted. The parcels are relatively small, ranging in size from 0.057 acres to 0.170 acres. Attachment D contains parcel maps and pictures of Properties 20-22.

- **Property Nos. 20 and 21 (Second and F Street, near Birthplace Monument)**  
Acquired together in the late 1990’s, these two properties are located at the northwest corner of Second Street and F Street. As shown in Attachment D, the east side begins at street level at Second Street and slants downward toward the railroad track and

waterfront and is undeveloped. However, the F Street right-of-way (ROW) boundary is not physically demarcated; as a result, a portion of one or more parking spaces may be located within the F Street ROW. To the north, near the railroad tracks and presumably within the F Street ROW, a public monument commemorates the 1850 Birthplace of Antioch. The west side of the properties is unimproved and is entirely at grade with Second Street. The boundary between the parcels travels in an east-west direction approximately half way between Second Street and the railroad parcel, although there is no physical demarcation. Parcel 20, the smaller of the two parcels, is located on the northern portion facing the railroad track and F Street, while Parcel 21 is located on the southern portion and faces West Second Street and F Street.

- Property No. 22 (800 Block of Second Street, next to Beer Garden)** This property is located on the south side of the 800 block of West Second Street, across from City Hall. In 1991, Property 22 was the subject of a development agreement for the Antioch Landing Project, which proposed a mixed-use building with 9 residential units and ground-floor retail; the project was never built. Property 22 is located immediately west and is 0.057 acres. The property is partially improved; it contains portions of paved parking spaces created by the Beer Garden located to the west. The property is zoned RTC.

3. Properties to be Retained for Future Use

The Plan proposes to retain three properties for future use—Properties #23-25. Attachment 3 contains the parcel map and photos of these properties, which are further described below:

- Property No. 23-24 (801 W. Second Street, Fulton Shipyard and Rodger’s Point)**  
 Property 23 is 0.172 acres and is located at the southwest corner of West Second and I Street, directly across from City Hall. It is vacant and unimproved. Property 24, a 1.9-acre parcel fronting the San Joaquin Delta is next to the Fulton Shipyard Boat Ramp on Fulton Shipyard Road. The title report includes a 1998 condominium rider for a project known as Westwood Oaks, and the parcel is subject to Maintenance Assessment District 1999-1. Dating back to 1975, there is a 30-foot wide “perpetual right of way and road” along the easterly line of the parcel. Any future development of the site may have to accommodate Native American artifacts.<sup>1</sup> Finally, this parcel abuts the boat ramp, which the City recently decided to keep open, and is best suited for continued public use. The specific use of this parcel in the future will require

further analysis, but at some point the City intends that the parcel be developed by the private sector with uses that are appropriate for a waterfront site.

- Property No. 25 (Prospects Way, north of old “Radiator Building”).** The final property is located on the west side of Downtown Antioch, on Prospects Way. It is 0.110 acres and is located north of the “radiator building,” an old industrial building no longer actively in use. The property is vacant and existing utilities are available to serve the site. A 2005 the California EPA Department of Toxic Substances Control site investigation study detected Cadmium levels that slightly exceed the California Human Health Screening Level value, and further recommended additional future investigation of lead in the soil. Given this, the sales prices of the site may be affected by the presence of toxic substances and may require that the Agency sell the site at a price that is less than fair market value. The Agency would prefer that the site be developed with some form of retail / commercial development that is appropriate for the downtown area.

#### **IV. RETENTION AND DISPOSITION STRATEGY AND PLAN**

##### **A. Categories of Property and Asset Disposition**

###### 1. Retention of Real Property Asset for Government (Public) Use

The Plan proposes that the properties listed in Table 2 be retained by the City because such properties were originally acquired by the Former Agency, and have been continually dedicated for public use. The proposed disposition plan objective is to transfer the real property assets to the City for continued dedicated public use.

The market value for these parcels is considered nominal. With the exception of Property #15, these properties are all zoned P: Exclusive Parking District, which restricts their use to public parking. The portion of Property #15 that includes the Lynn House would be retained by the City and continued to operate as a public art gallery and offices for a civic arts organization providing contract-services to the City. The potential uses for the Hard House have not yet been specifically been determined, but would require redevelopment of the property in conjunction with a non-profit user. The building will ultimately need significant rehabilitation before it can be used for future public use.

###### 2. Disposition (Sale) of Real Property

The Plan proposes that the properties listed in Table 3 be positioned for disposition by the Agency. The proposed disposition plan objective for Properties 20 through 22 is to sell the subject property for private development consistent with the existing City General Plan and zoning ordinance land use designations.

Combined, properties 20-22 include 3 small commercial lots Downtown comprising approximately 0.366 acres. As discussed in a previous section, the properties are currently designated as RTC (Rivertown Retail District) in the City's Zoning Ordinance.

3. Retention for Future Use

The Plan proposes that the Agency retain Properties 23 through 25 for future development. The Agency will then pursue selling the properties to the private sector for development purposes. Depending on the ultimate use of the property by the private sector, the properties may need to be sold at less than fair market value in order to make the development financially feasible. The proceeds generated from the disposition will be distributed to the County for allocation to the applicable taxing entities in accordance with the provisions of AB 1484.

**B. Estimated Value and Disposition of Proceeds for Identified Real Property Assets**

1. Estimated Value of Identified Remaining Real Property Assets

Table 11, below, presents an estimated range of potential market value of the subject remaining real property assets that are “Proposed for Sale” as well as properties “Proposed for Retention for Future Use.” The estimated range of value (low and high) is based on discussions with commercial real estate brokers who possess a working knowledge of the Antioch and Contra Costa County real estate market. Attachment F contains a list of brokers who shared their market insights. Broker interviews conducted between December of 2013 and February of 2014 revealed the following insights pertaining to the market value of these properties:

- Buildings in Downtown Antioch are currently selling for about only one-third of replacement value. New development is unlikely to attract any national tenants, and local tenants are generally willing to pay in the range of \$1.00 to \$1.10 per building square foot on a gross basis. As such, it is unlikely that a buyer could obtain a construction loan; cash would be the most likely source of funding for both land acquisition and project construction. These trends severely limit the feasibility for new construction projects on vacant land in Downtown Antioch.
- At this time, even competitively located and fully served land is not attracting offers at \$4-5 per square foot.

**FA Fraser & Associates**

- The most likely buyers for Downtown properties would be the adjacent property owner(s).
- Properties 22 and 23 have the strongest market potential.
- It is somewhat difficult to determine values for waterfront property like Property 24 (Rodger’s Point). Its locational attributes at the end of an existing road, abutting an existing rail line, distance from Downtown, and featuring a combination of adjacent recreation and industrial uses makes it an unlikely candidate for retail or office development. Potential value could be as high as \$2 per square foot, though offers may be considerably lower. Depending on the actual development that is to occur, the land may need to be sold at a discount from market value in order to ensure the feasibility of the development.

While available undeveloped properties in/near Downtown Antioch are listed at \$9-\$10 per square foot, brokers opined that market values for Properties 21-25 would more likely fall in the range of \$2 to \$6 per square foot and Property 20 would likely garner less than \$2 per square foot.

The information presented below is only intended to provide an “order-of-magnitude” estimate of potential values and is not intended to present appraised market value or formal broker opinion of market value.

2. Distribution of Proceeds from Real Property Asset Disposition

a. Real Property Assets Retained for Government Use

The proposed disposition plan objective is to transfer the ownership of these properties to the City for continued dedicated public use. Properties 5-14 and 16-19 would continue to be utilized as parking lots, while Property 15 would continued to be used a public art gallery, civic arts offices, and a future public museum. Should these properties not be needed for public use in the future they will be sold and proceeds would be distributed to the County Auditor-Controller for allocation to the applicable taxing entities in accordance with the provisions of AB 26 and AB 1484.

b. Real Property Assets Planned for Disposition (Sale)

The proceeds generated from the disposition (sale of Property Nos's. 20-22) would be distributed to the applicable taxing entities in accordance with the provisions of AB 1484 upon receipt of such proceeds by the Oversight Board.

c. Real Property Assets Planned for Retention for Future Use

The proceeds generated from the disposition will be distributed to the County for allocation to the applicable taxing entities in accordance with the provisions of AB 1484.

**C. Approach and Process for Disposition of Real Property Assets**

The real property assets shown on Tables 3 and 4 may be offered for sale through a Request for Proposals and Offer (RFPO) process, a brokerage process, or another competitive process that will be selected by the Successor Agency. The proposed predevelopment activities outlined below are intended to be illustrative of the types of activities which the Successor Agency may decide to pursue in order to position the properties for successful acquisition / development and enhance the potential value (proceeds) generated from the sale of such properties.

**1. Predevelopment Activities**

There are a number of predevelopment activities that the Successor Agency may or may not decide to undertake in order to appropriately position the subject real property assets for disposition and private development. These potential activities could include:

- Preparing preliminary title reports to determine existing title conditions in relation to potential development of the properties;
- Commissioning appraisal reports or broker price opinion to determine a potential market value of the properties;
- Development potential under existing zoning;
- Preparing an initial environmental site assessment to determine if there are any potential environmental conditions in relation to the potential development of the properties; and
- Developing information regarding the public infrastructure capacity (water, sewer, drainage, etc.).

The decision of the Successor Agency to undertake such activities would be dependent in part on the availability of funding and whether these related disposition costs would be allowed by the State Department of Finance as enforceable obligations on the Recognized Obligation Payment Schedule (ROPS).

2. Request for Proposals and Offers (RFPO) / Brokerage Process

The Successor Agency could potentially prepare and implement a RFPO process for selection of a private development team(s) to acquire and develop properties. Alternatively, the Successor Agency could interview and hire one or more real estate brokerage firms to assist with the sale of the properties listed below.

- **Property No's 20-23—Downtown Parcels** All properties will be constructed consistent with City General Plan and related zoning ordinance designations. The intent of the disposition process would be to select the most qualified business and development partner(s) for the Successor Agency related to disposition and development of the subject properties, and respective business offers that provide the highest and most certain economic value and return from the disposition of the subject properties. Subsequent to selection of a private developer(s), the Successor Agency, (e.g. City staff), should work mutually with the selected private developer(s) to negotiate the terms and conditions for disposition of the subject properties. These provisions should be negotiated during an exclusive negotiation period, and would be embodied in a purchase and sale agreement between the Successor Agency and selected private developer(s).

**REPORT TO THE OVERSIGHT BOARD OF THE SUCCESSOR AGENCY OF THE ANTIOCH DEVELOPMENT AGENCY FOR THE JULY 21, 2014 MEETING**

**FROM:** Lynn Tracy Nerland, Antioch City Attorney   
**DATE:** July 10, 2014  
**SUBJECT:** Biennial Review of the Oversight Board's Conflict of Interest Code

---

**ACTION:**

Motion to adopt a Resolution indicating that the Oversight Board has reviewed its Conflict of Interest Code including Appendices A (Disclosure Categories) and B (Designated Officials), which are incorporated by reference, and has determined that no revisions are necessary and authorizing the Chair to submit the 2014 Biennial Notice to the Antioch City Clerk (Attachment B).

**BACKGROUND:**

As the Redevelopment Dissolution Act provides that the Oversight Board is subject to the Political Reform Act, the Oversight Board adopted its own Conflict of Interest Code pursuant to Resolution No. 2012-02 dated April 30, 2012. This Oversight Board's Conflict of Interest Code only addresses disclosure of economic interests by the Oversight Board Members as the Board has no staff or consultants of its own. The City of Antioch as Successor Agency to the Antioch Development Agency also has its own Conflict of Interest Code, which requires disclosure by City staff members and consultants who are doing work for the Successor Agency.

Pursuant to the Political Reform Act, a local agency is required to review its Conflict of Interest Code every two years and determine whether any revisions are necessary. It does not appear to City staff that revisions are needed to the Oversight Board's Conflict of Interest Code, but the Board should make that final determination.

That Successor Agency's Conflict of Interest Code is also being reviewed, but other than some job title changes, there are no revisions expected at this point.

## RESOLUTION OF THE OVERSIGHT BOARD TO THE SUCCESSOR AGENCY TO THE ANTIOCH DEVELOPMENT AGENCY

### RESOLUTION OF THE OVERSIGHT BOARD REVIEWING ITS CONFLICT OF INTEREST CODE

**Whereas**, California Health and Safety Code section 34179 provides that Oversight Boards created pursuant to Assembly Bill x1 26, which dissolved redevelopment agencies in California, are subject to the Political Reform Act; and

**Whereas**, the Oversight Board to the Successor Agency to the Antioch Development Agency has determined that it is appropriate to adopt a conflict of interest code specific to the Oversight Board; and

**Whereas**, pursuant to the Political Reform Act, a local agency is required to review its Conflict of Interest Code at least every two years and determine whether any revisions are necessary;

**NOW THEREFORE BE IT RESOLVED THAT** the Oversight Board to the Successor Agency to the Antioch Development Agency has reviewed the attached Conflict of Interest Code including Appendices A (Disclosure Categories) and B (Designated Officials), which are incorporated by reference, and has determined that no revisions are necessary; and

**BE IT FURTHER RESOLVED** that the Chair is authorized to execute the 2014 Local Agency Biennial Notice and provide it to the Antioch City Clerk.

\* \* \* \* \*

The foregoing resolution was passed and adopted by the Oversight Board to the Successor Agency to the Antioch Development Agency at a regular meeting thereof, held on the \_\_\_\_ day of \_\_\_\_\_, 2014 by the following vote:

RESOLUTION NO. 2012-02

RESOLUTION OF THE OVERSIGHT BOARD  
TO THE SUCCESSOR AGENCY TO THE ANTIOCH DEVELOPMENT AGENCY

RESOLUTION OF THE OVERSIGHT BOARD  
ADOPTING A CONFLICT OF INTEREST CODE

Whereas, California Health and Safety Code section 34179 provides that Oversight Boards created pursuant to Assembly Bill X126, which dissolved redevelopment agencies in California, are subject to the Political Reform Act; and

Whereas, the Oversight Board to the Successor Agency to the Antioch Development Agency has determined that it is appropriate to draft a conflict of interest code specific to the Oversight Board;

NOW THEREFORE BE IT RESOLVED THAT the Oversight Board to the Successor Agency to the Antioch Development Agency adopts the attached Conflict of Interest Code including Appendices A (Disclosure Categories) and B (Designated Officials), which are incorporated by reference.

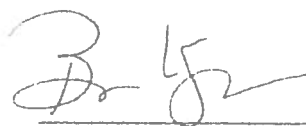

\* \* \* \* \*

The foregoing resolution was passed and adopted by the Oversight Board to the Successor Agency to the Antioch Development Agency at a regular meeting thereof, held on the 30th day of April, 2012 by the following vote:

Chair, Oversight Board

**CONFLICT OF INTEREST CODE  
FOR THE  
OVERSIGHT BOARD TO THE SUCCESSOR AGENCY TO THE  
ANTIOCH DEVELOPMENT AGENCY**

The Political Reform Act (Government Code §§81000 et seq.) requires state and local government agencies to adopt and promulgate conflict of interest codes. The Fair Political Practices Commission has adopted a regulation (2 Cal. Code of Regs. §18730) which contains the terms of a standard conflict of interest code, which can be incorporated by reference in an agency's code. After public notice and hearing it may be amended by the Fair Political Practices Commission to conform to amendments in the Political Practices Act. Therefore, the terms of 2 California Code of Regulations Section 18730 and any amendments to it duly adopted by the Fair Political Practices Commission are hereby incorporated by reference. This regulation and the attached Appendices designating officials and employees and establishing disclosure categories, shall constitute the conflict of interest code of the Oversight Board to the Successor Agency to the Antioch Development Agency.

Designated officials shall file their statements with the Successor Agency's City Clerk who will make the statements available for public inspection and reproduction. (Gov. Code §81008). Statements for all designated officials will be retained by the City Clerk.

## APPENDIX "A"

### DISCLOSURE CATEGORIES

#### *Disclosure Category*

1 **All Interests in Real Property.**

This includes any leasehold, beneficial or ownership interest, or an option to acquire such an interest, in real property located within the jurisdiction of the City of Antioch, or within two miles of the city limits. This includes interests owned directly, indirectly or beneficially by the designated employee, or other filer, or his or her immediate family if the fair market value of the interest is \$2,000.00 or more. Interests in real property of an individual includes a pro rate share of interests in real property of any business entity or trust in which the individual or immediate family owns, directly or indirectly or beneficially, a 10% interest or greater. It is not required to disclose a residence which was used exclusively by the filer as his or her personal residence, unless it is also a place of business, or interests acquired by a blind trust pursuant to FPPC Regulation 18235.

2 **All Investments not Held by Business Entity or Trust.**

This includes any financial interest in any business entity located in or doing business within the City in which the filer or the filer's immediate family had a direct, indirect or beneficial interest aggregating \$2,000.00 or more during the reporting period. A business entity is located in or doing business in the jurisdiction if it, a parent or subsidiary, or a related business entity manufactures, distributes, sells or purchases products or services on a regular basis in the jurisdiction; or plans to do business in the jurisdiction; or has done business in the jurisdiction within the previous two years; or has an interest in real property in the jurisdiction; or has an office in the jurisdiction.

This does not include bank accounts, savings accounts and money market accounts; insurance policies; shares in a credit union; government bonds; diversified mutual funds registered with the Securities and Exchange Commission; common fund trust fund created under Financial Code section 1564; individual retirement accounts invested in non-reportable interests such as insurance policies, diversified mutual funds or government bonds.

**3 Investments Held by a Business Entity or Trust.**

This includes investments held by a business entity if the filer's pro rate share of the investment is \$2,000.00 or more and the investment is in a business entity located in, or doing business in, the jurisdiction.

**4 Income (other than loans, gifts and honoraria).**

This includes gross income and the filer's community property interest in spouse's gross income. Gross income is the total amount of income before deducting expenses, losses or taxes. Income aggregating \$500.00 or more received from any source located in or doing business in the jurisdiction must be disclosed, as defined in the real property disclosure category.

It is not required to report salary or reimbursements for expenses and per diem from a federal, state or local government agency; or reimbursement for travel expenses and per diem received from a bona fide educational, academic or charitable organization; or campaign contributions; or a devise or inheritance; or dividends, interest or other return on a security which is registered with the Securities and Exchange Commission; or payments from an insurance company; or interest, dividends, or premiums on a time or demand deposit in a financial institution, shares in a credit union, an insurance policy or bond or other debt issued by a government agency; or income of dependent children; or alimony or child support payments; or payments received under a defined benefit pension plan.

**5 Income (loans, gifts and honoraria).**

This includes loans received by the filer or the filer's spouse aggregating \$500.00 or more from a single source which is located in or doing business in the jurisdiction, as defined for real property disclosures. This also includes gifts with an aggregate value of \$50.00 or more received during the reporting period from a single source. All gifts are reportable without regard to where the donor is located. Any number of gifts from one person, the value of which adds up to \$50.00 or more during the reporting period must be disclosed. This also includes honoraria, such as payment for making a speech, publishing an article, or attending an event. Payments aggregating \$50.00 or more during the reporting period must be disclosed. All of these forms of income are subject to the exceptions and exemptions provided by the Fair Political Practices Act and its regulations.

**APPENDIX "B"**  
**DESIGNATED OFFICIALS AND EMPLOYEES**

The following officials and employees hold positions requiring disclosure of financial interests pursuant to California Government Code Section 87200 and shall file a Form 700:

The following officials, employees and consultants are in the following disclosure categories:

Oversight Board Members ..... 1, 2, 3, 4, 5

*\* Consultants shall be designated on a case-by-case basis, depending upon the nature of their services. Such written determination shall include a description of the consultant's duties and, based upon that description, a statement of the extent of the disclosure requirements. The Oversight Board's determination shall be a public record and shall be retained for public inspection in the same manner and location as this chapter.*

Accurate disclosure is essential to monitor whether officials have conflicts of interest and to help ensure public trust in government. The biennial review examines current programs to ensure that the agency's code includes disclosure by those agency officials who make or participate in making governmental decisions.

This agency has reviewed its conflict of interest code and has determined that (check one box):

[ ] An amendment is required. The following amendments are necessary:

(Mark all that apply.)

- o Include new positions (including consultants) that must be designated
o Revise disclosure categories
o Revise the titles of existing positions
o Delete positions that no longer make or participate in making governmental decisions
o Other (describe)

[ ] The code is currently under review by the code reviewing body.

[x] No amendment is required. (If your code is more than five years old, amendments may be necessary.)

Verification

This agency's conflict of interest code accurately designates all positions that make or participate in the making of governmental decisions. The disclosure categories assigned to those positions accurately require the disclosure of all investments, business positions, interests in real property, and sources of income that may foreseeably be affected materially by the decisions made by those holding designated positions. The code includes all other provisions required by Government Code Section 87302.
