CITY MANAGER'S WEEKLY UPDATE JANUARY 26, 2018

Along with Mayor Wright, I attended the East County Mayors/Supervisors Delta 6 meeting. This quarterly meeting of the Antioch, Brentwood, Oakley and Pittsburg mayors and city managers, along with County Supervisors Burgis and Glover (or their representatives) is an opportunity to discuss subjects and issues that affect our communities. Some items discussed include: district elections, BART, the Concord Naval Weapons Station project in Concord, water rates, regional economic development collaboration and cannabis legislation and impacts. This meeting is another example of our desire to work collaboratively and cooperatively with our neighbors on regional issues.

Last Saturday the City Council held a Strategic Plan and Goal Setting Workshop at the Antioch Community Center to discuss their mission, vision and priorities to be implemented over the next three to five years. The all-day session was attended by City of Antioch department heads and managers, as well as a good turnout from the community. Public Safety, Economic Development focusing on job creation and the downtown area, Recreation and Fiscal Sustainability were some of the goals identified for further discussion. We also heard a presentation about the Quality of Life Survey conducted in October 2017 where residents were polled seeking the most important issues facing Antioch. A draft of the Strategic Plan will be presented to the City Council in March where more input and direction will be given.

The City of Antioch wants to do a better job protecting, maintaining and enhancing our quality of life. With the community's help, we can reach our potential as a safe, clean, beautiful place to live. As we continue our 2018 City Council goal-setting and budget planning, the City would like to engage the community around the priorities you want us to address. That's why the City conducted a Quality of Life Resident Survey in the Fall of 2017. Some of the priorities identified by your neighbors were:

- Ensuring water quality and safety
- Maintaining Antioch's financial stability
- Maintaining 911 police response
- Attracting and retaining local businesses
- Maintaining local control over local needs
- Restoring and maintaining the number of police officers patrolling the City streets
- Maintaining youth violence prevention programs

The Downtown Specific Plan provides a concise blueprint for the development and redevelopment of Downtown Antioch. The Antioch Marina is now officially a designated site on the San Francisco Bay Area Water Trail. Kayakers and paddle boarders can now easily launch themselves from one of two "Cadillac" kayak launches at the Antioch Marina, the first of it's kind in Contra Costa County. View our video by clicking on the photo or navigate to this page:

James Pflueger and Sandra Kelly got together with the stake holders and officially completed the grant for our two kayak launches. The grant award is \$31,835 with no matching funds from the City required. This was an outstanding achievement with staff effort coming from 'Mr. Marina' himself, James Pflueger, and on the volunteer side, 'Extra Mile Volunteer,' Sandra Kelly. The 'Dream Team' also included local stakeholders and outstanding COMMUNITY volunteers.

Once the kayak launches arrived, our 'Super Star' Marina Maintenance Worker, Darren Russell, stepped in and with the help of COMMUNITY volunteers they quickly put the launches together and then the 'Fun' began.

The storm season is finally here and our crews are working in full force to keep flooding to a minimum. You will probably see these trucks picking up water or cleaning our storm drains in the coming weeks.

We have 282 miles of storm water pipe throughout Antioch. Keeping these lines flowing is a vital part of any storm management plan. Our storm drainage systems are designed to drain storm water and untreated water into rivers and creeks. Storm lines need to be cleaned regularly. Routine cleaning reduces the amount of pollutants, trash, and debris both in the storm drain system and in receiving waters.

POLICE

APD Officer Robert Solari, his wife Heather, and a few of Heather's friends have been the driving force behind getting the Breast Cancer Awareness License Plate authorized through the DMV. Heather Solari is a Dispatcher with San Leandro PD and a survivor. Former State Assembly Member Joan Buchanan and Assembly Member Jim Frazier championed their efforts rallying legislative support. The bill was introduced by Assembly Member Frazier and passed. The plates were to be issued once they reached the threshold of 7,500 prepaid orders. Happily they have met and exceeded that goal. Starting on December 28, 2017, the DMV began issuing Breast Cancer Awareness License Plates. Heather and Robert attended a roll out ceremony in Sacramento when the official announcement was made.

If you want to show your support and are interested in ordering Breast Cancer Awareness Plates, you can order through the DMV at: <https://www.dmv.ca.gov/portal/dmv/detail/online/elp/elp>.

Back to school! Officer Patrick Mayer and our newest K9-Dex went off to school for some specialized patrol training in preparation of their P.O.S.T. certification testing. While police service dogs receive some training from the kennels where they are purchased, they are not entirely patrol ready. Over the next four weeks they will have intensive training, testing, and bonding before heading out to patrol. Officers Mayer and Dex will practice obedience, tracking, trailing, and other skills. They will hone their abilities and partnership to become an effective K9 team, serving the citizens of Antioch.

We are very excited to have Officers Mayer and Dex return to patrol as the newest members of our K9 unit.
