POLICE DEPARTMENT UPDATES

A press release was issued today providing the following information:

On 2/3/16 at approximately 8:20 PM a 37 year old male walked out of an area hospital against doctor's orders after being admitted the day before. The hospital notified the Antioch Police Department. Officers responded and searched for the subject who was wanted on a parolee at large warrant and has a long history of violent crimes and drug offenses. The male was not located at that time.

On 2/5/16 at approximately 3:12 AM an officer checking an occupied vehicle at the east end of E. 6th Street found the parolee and a friend sleeping in the vehicle. While attempting to take the parolee into custody he fought violently with officers. Once the officers were able to restrain him, an ambulance was summoned to the scene to treat him for injuries sustained during the fight with officers. As the ambulance arrived the subject began having some sort of medical distress and life saving measures were taken. The 37 year old male was transported to an area hospital and later pronounced deceased. The friend in the vehicle did not get involved in the confrontation and is cooperating with the police. The involved officers sustained only minor injuries.

Because this is considered an in custody death, the county protocol was invoked. The Contra Costa County District Attorney's Office, the Contra Costa County Crime Lab and the Antioch Police Department will be conducting an investigation into the facts surrounding this incident. No further information will be released at this time regarding the investigation.

Any further inquiries into the status of this case should be made via the Media Access Line at (925) 779-6874.
