Weekly Update

July 13
2018

Mayor and Members of City Council

This is the City Manager's Report for the week ending July 13, 2018

City Manager

Along with our new Economic Development Director Kwame Reed, I attended the Chamber of Commerce Government Affairs meeting where Richland Communities explained their proposed initiative to allow limited development in the Sand Creek Focus Area west of Deer Valley Road while preserving much of the natural state of that area. It was explained that the initiative is in response to an initiative backed by Save Mount Diablo also striving to be on the ballot in November. The City Council will be considering certification of signatures and action to be taken regarding the Richland and Save Mount Diablo initiatives at their July 24th meeting.

With Mayor Pro Tem Thorpe, I attended the Mayor's Conference in Pittsburg. Joe Greaves, Executive Director of the Alameda-Contra Costa Medical Association and Rebecca Rosen, Regional Vice-President, Hospital Council of Northern and Central California made a presentation focused on the changing health care delivery system and challenges with funding and measuring improvement to services provided.

I attended the Public Manager's Association Meeting where two presentations were made by the Leadership Academy workgroups. One was related to Animal Services in the County and how it compares with other models in the region. Interestingly Antioch, who has the only city operated shelter in the County, takes in 3 times more animals per capita than the County does and at a lower cost per animal. The other presentation was on how to best prepare for a coordinated emergency response, especially in light of the Santa Rosa wildfires and takeaways from that disaster which is still impacting this community and the neighboring region.

CITY MANAGER'S WEEKLY UPDATE

July 13, 2018

Police

4th of July Holiday

Beginning on Friday, June 29th APD staffed extra officers to patrol the city in preparation for the upcoming 4th of July Holiday. These extra patrols focused on continuously circulating throughout residential neighborhoods and parks while responding to complaints associated with the possession and illegal use of fireworks. The officers also used historical data to guide their response toward the most active areas for fireworks complaints. During their patrols, the officers interrupted several "citizens behaving badly." Citizens caught using fireworks were issued citations, and their fireworks were confiscated. Officers took advantage of each opportunity to educate community members about the dangers involved with using fireworks while passing along safety tips for an enjoyable holiday. The nightly "fireworks" patrols extended through the Holiday and ended on Saturday, July 7th. During the Holiday week, APD received 393 complaints associated with fireworks, and officers cited 17 violators. Numerous fireworks were confiscated and will be sent for destruction. Many of the fireworks were extremely dangerous and highly flammable.

Traffic Enforcement

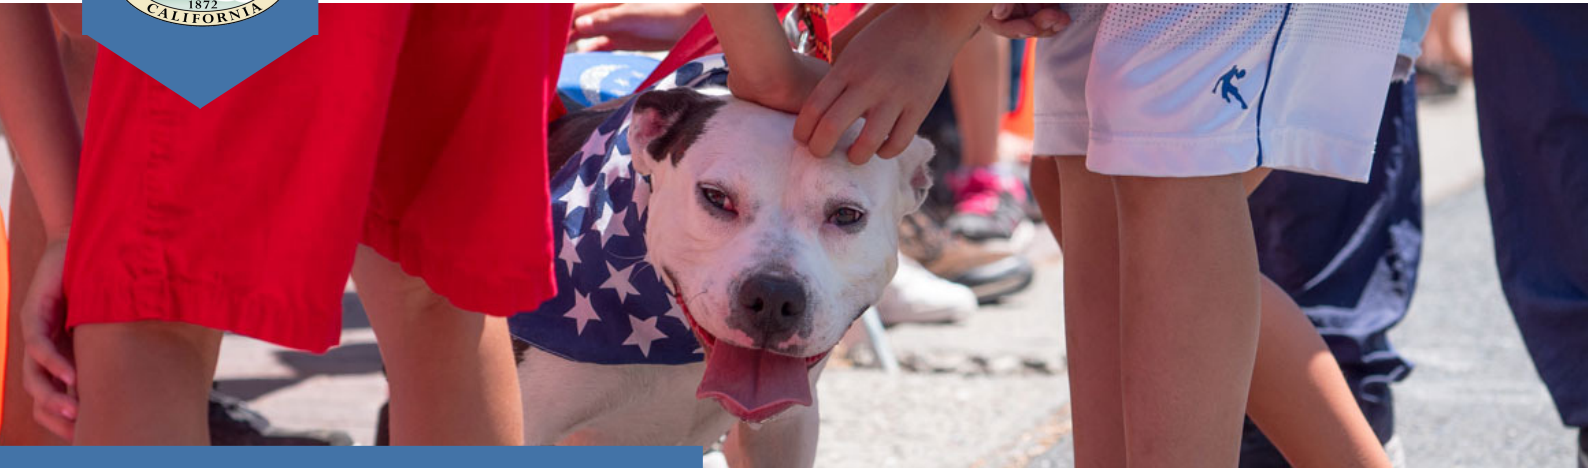

On Tuesday, July 3rd, APD's Traffic Unit conducted a multi-agency operation with Pittsburg PD, Brentwood PD, and Oakley PD. In the morning, the joint-traffic detail started in the neighboring City of Pittsburg where 95 citations were issued for moving violations. The afternoon was spent in Antioch where traffic officers wrote an additional 40 citations for speeding along the Lone Tree Way corridor in the area of James Donlon Blvd.

CITY MANAGER'S WEEKLY UPDATE

Police- Animal Services

The new surgery clinic at the Antioch Animal Services Facility is now fully functional! Dr. Kathy Mills DVM and Nicole Taft RVT performed the first neuter surgery in the new surgery clinic on June 30th. During the 'test run' in the new facility, they were able to neuter four of our resident kitties. Dr. Mills and RVT Taft are now working to perfect their processes, and expect to begin more involved surgeries, like spay surgeries on large dogs, very soon. We are excited to be able to bring these veterinary services "in-house," as the benefit to the community, and our shelter animals are priceless. None of this would have been possible without the generosity of [Maddie's Fund](#) and [Tony La Russa's Animal Rescue Foundation](#). #ThanksToMaddie #stoplittering #spayandneuter

Recreation

Through this past week, 348 affordable healthy meals were served through the CoCo Café. This program helps prevent heart attacks, depression, asthma and congestive heart failure. There are no memberships or income requirements to eat at the CoCo Café. Interested participants must only register with the food County program. All supplies are provided by the County for participating cafés.

On Tuesday, the Senior Club held its monthly board meeting. The board members discussed upcoming events, public complaints and grievances, solutions to problems, and other senior center business. The board's president, Judy Norseen, along with the other members continue to make efforts to keep the senior center activities running smoothly and continue to maintain strong relationships with the community. We thank the board for their dedication to keeping the seniors' best interest at heart.

This week, representatives from Humana spoke to members about Medicare coverage, benefits and provided information on health plans.

Humana

Box Boat Derby returns to the Antioch Water Park on Friday, July 13th! Guests can build a boat while swimming and playing at the Antioch Water Park or they can create a boat at home and bring it with them.

Participants can register their box boats at 4:30 p.m. and races begin at 5:00 p.m. There will be prizes for the fastest racer and best in show! The cashier staff made their own box boat which has been on display in the Water Park's lobby as inspiration for other racers.

Community Development

CDBG

On Thursday evening, Antioch hosted the East County meeting on Fair Housing at the Antioch Council Chambers, with over 35 people in attendance. The purpose of the meeting was to gain public input on fair housing access, discrimination, and access to a variety of opportunities such as good schools, employment, a healthy environment, and transportation. The Fair Housing Act prohibits discrimination on the basis of race, color, religion, sex, handicap, familial status, national origin, and prevents discrimination. This meeting is part of a study to see how all of Contra Costa County is doing to improve integrated living patterns and reduce differences in access to opportunity experienced by residents. The study will result in a planning document called the Assessment of Fair Housing, which is required by the Department of Housing and Urban Development (HUD) every five years for all cities and Housing Authorities receiving federal funds such as the Community Development Block Grant.

Code Enforcement

Code Enforcement officers attended a one-day training session on substandard conditions and enforcement as it relates to the California Fire Code. This training contained information about common fire hazards present in a variety of construction types and provided enforcement tactics for substandard properties and illegal businesses with legitimate fire and life safety hazards.

Public Works

Marina

Antioch Marina is proud to announce that it has been designated as a certified ValvTest Marine Fuel Marina and now offers ValvTest Marine Gasoline and ValvTest Marine Diesel with BioGuard microbicide at its fuel dock.

ValvTest fuel additives are combined with Antioch's branded Chevron fuel for superior performance of your watercraft. It is specially formulated with BioGuard and fuel stabilizers, keeping the fuel clear of contaminants and fresh longer. "By offering only ValvTest Marine Fuels at Antioch Marina we are taking an important step to help boaters improve their boating experience," says Marina Supervisor James Pflueger.

Antioch Marina joins a national network of certified marina stations offering superior fuel for boating. Check out the video link below for a live demonstration to see how easy the automated fuel dock is to use at

Collection Systems - Close Circuit Television Crew (CCTV)

The Collection Systems Inspection crew completes approximately 25% of sewer mainline video inspections of our sewer system each year. The CCTV crew as we call it utilizes two highly trained staff members and a small tractor mounted camera to identify, locate and assess the condition of the City's sewer and storm infrastructure.

CCTV condition assessment provides the critical information needed to assess the service life, physical condition, and functionality of our 310 miles of wastewater and 282 miles of stormwater collection systems. During the field inspection, pipe defects are classified using a standard coding system, and pipe condition are assessed using a systematic method to produce consistent, useful information. The data collected is reviewed by the Collection Systems management team and is used to assist in the scheduling of preventative and routine maintenance, to make decisions about pipe rehabilitation, pipe replacement, estimate our pipe's remaining useful life and its long-term performance capabilities.

We are working in our hot spot areas this week off of Delta Fair Blvd. and Somersville Rd. Hot spots are areas within the City's collection system that are designated areas of known problems.
