Undead Roller Derby League: Did you know that Antioch is home to the Undead Roller Derby League? Established in 2008 to provide a fun sport to promote the empowerment and fitness for our members, the league has grown from an all female, flat-track roller derby team with one team to teams for men, women and children 7 & older in four teams. We focus on providing entertainment to our fans, fitness and fun for our members, and promoting confidence for all. All this and derby too! Roller derby is an intense, fast-paced, full contact aggressive sport that is not for the faint of heart but is entertaining to watch and fun to play!

Here is how it is played: Each team fields 5 skaters on the track for each jam (play) - a jammer, a pivot and 3 blockers. At the start of each jam, the blockers and pivots for each team line up in front of the jam line and the 2 jammers await the whistle behind the jam line. At the whistle, the jammers race thru the pack of blockers (pack) and pivots and scores points by passing members of the opposing team. The blockers assist their team's jammer thru the pack and try to stop the opposing team's jammer from breaking thru the pack. All this happens on skates with hitting, checks, and often, a very busy penalty box. Want to know what makes the pivot special? What to know what can get a skater thrown in the penalty box? Join the Undead Roller Derby at their last home bout of the season as the Damned Skaters take on the visiting Sac City on Saturday, July 16th at Paradise Skate Roller Rink. Doors open at 6 pm and the bout starts at 7 pm. Admission is \$15/person at the door or in advance for \$12/adult and \$8/child 12 & under at the following locations:

- Paradise Skate Roller Rink, 1201 W 10th St (Contra Costa Fairgrounds), Antioch CA

HOMELESS

Zero: 2016 Campaign

Visit to Santa Cruz Homeless Services Center campus with the Chief of Homeless Programs for the County, Lavonna Martin, as well as fellow Council on Homelessness member, Doug Leich was enlightening. Their 2.5 acre campus includes a wide variety of different kinds of homeless services, which grew from initially a homeless feeding program established in the 1980's. It was very informative to exchange information and ideas on how to meet the needs of homeless persons and get them off the streets through housing placement.

Homeless Housing & Services Funding

State ESG Funding

CDBG/Housing consultant participated in Review and Ranking process including agency interviews on July 6th, and recommendations were released to the agencies and public late on the 6th. Of particular interest to Antioch is homeless outreach. Without an East County Multi-Service Center, it is critical to have a sufficient number of street outreach workers that conduct the required assessments, enter the data into the Homeless database, and transport clients to the nearest MSC location in Concord.

The strongest application for daytime homeless outreach was a new program proposed by the County, which was recommended at \$100,000. The Health Services CORE Outreach Program will provide daytime outreach in small multidisciplinary teams that will work collaboratively to engage and stabilize homeless individuals living outside, and deliver

health and basic need services and aid in obtaining interim and permanent housing. This daytime team will be augmented by one or two nighttime outreach teams, which will be funded through the Homeless Services Coordinated Entry RFP. The bidder's conference for this funding source occurred this week, and more information will be in next week's update.

Continuum of Care (McKinney/Vento) Funding

The U.S. Department of Housing and Urban Development (HUD) just released the FY 2016 Continuum of Care (CoC) Program Competition Notice of Funding Availability (NOFA). Communities must submit the final consolidated application by September 14th. Contra Costa has been very successful in this national competition for federal homeless funding, generally bringing in over \$9 million annually to help support permanent housing with supportive services for homeless families and individuals. Antioch's CDBG/Housing consultant will likely sit on the Rating and Ranking committee again this year.
