NEIGHBORHOOD CLEAN-UP

The Antioch Police Department is excited to announce the 73rd installment of the Neighborhood Cleanup Program. This is a collaborative community effort which involves active participation from The Antioch Police Department Crime Prevention Commission; Neighborhood Watch Program; Volunteers in Police Service; community volunteers and the Public Works Department. The City of Antioch Neighborhood Cleanup program is not just for residential neighborhoods. It is a program that will change venues on a monthly basis and it will include business and commercial areas as well. Neighborhoods that are free of trash and refuse are inviting, and a clean community instills a sense of community pride.

This event will occur on Saturday, August 6th from 9:00 a.m. to 11:00 a.m. Volunteers will meet at Gentrytown Park (Monterey Side). We will be cleaning the neighborhoods between Monterey Dr. and Mission Dr. down to Rio Grande Drive and Gentrytown Park. Volunteers will receive instructions and the equipment necessary to accomplish the goal. The targeted area is within walking distance. Excluding inclement weather, future Neighborhood Cleanup events are scheduled for the first Saturday of every month and the locations will be announced in advance.

This week's business spotlight is on **El Campanil Theatre**. The historic theatre opened its doors on November 1, 1928 and was built, owned, and operated by Ferdinand Stamm and Ralph Beede, who were members of two Antioch pioneer families. At the time, it was well-known for its vaudeville entertainment and the various famous celebrities who performed there. In 2003, El Campanil Theatre Preservation Foundation purchased El Campanil Theatre and began the process of renovation with the goal of converting the building into a community performing arts venue. In a series of Q&A, which can be found on Twitter and Facebook, Rick Carraher of El Campanil Theatre Preservation Foundation provided us with a more in-depth look at the theatre and himself.

Environmental Resources:

- CRV recycling centers - There are currently no recycling centers in Antioch to cash in your bottles and cans. We know that this is a huge inconvenience for our residents and we are trying to communicate with the State on the issue. Over 800 recycling centers have closed statewide this year due to falling scrap values and delays in the way payments to them are calculated by the State. Staff is trying to get information from the State on what you can do to get your CRV back from the stores selling beverage containers. For recycling center locations near us, please visit www.bottlesandcans.com.
- ECO your Pokémon Go! While you and your family are out enjoying the summer and our open spaces on your quest to capture Pokémon, please keep preservation of them in mind. This week's Eco-Poké tip is to avoid vampire power. By now you have realized how quickly playing Pokémon Go! drains your phone's battery.

However keeping your phone plugged in when it is fully charged or leaving your charger plugged in when not in use can still draw power. To learn more, visit <http://www.nrel.gov/docs/fy14osti/60461.pdf>. Consider using a smart power strip so that you don't have to unplug your charger when not in use. Don't have one? Schedule a Green House Call with the CYES program and get one for free! (See next bullet below)

- This summer marks the 5th summer that residents can take advantage of FREE Energy Audits & Mini-Retrofits through CA Youth Energy Services. It doesn't matter if you live in a house, apartment, own or rent! Get new hardware, save money & help the environment -ALL FOR FREE! Call 510-665-1501x5 to sign up.
- Environmental Resources joined NextDoor as an agency member. Our first post was to promote waste prevention at National Night Out events. We checked out one of our clearstream recycling containers for a block captain to collect recyclables generated from their event and received several positive comments for our effort. Staff will be coordinating with other departments to post safety/community related programs and tips out to our residents through this app.
- The first Oil Filter Exchange as part of our regional Used Motor Competitive Grant will be held at the Brentwood Auto Zone on July 30th. As this was the first event, it was not a high turnout. About 6 surveys/pledges were filled out. The next event will be August 27th, at the Pittsburg O'Reilly Store. - Council will be conducting a Study Session on August 23rd to review and consider any changes in the City's needs, and funding priorities for the next three-year grant cycle. The Public Hearing to finalize the priorities will be held September 27th, and the **2017-20 Grant Cycle Kickoff** will be held **October 6th from 2-4 p.m.** at the Concord Senior Center. **New applications WILL be accepted at this time.**
- The draft Analysis of Impediments to Fair Housing Choice, covering 2017-20, will also be considered at the August 23rd Study Session, and recommended for adoption later that evening or on September 27th, depending on feedback.

Homeless:

Homeless Outreach – Contra Costa will once again have homeless outreach services in the County. Daytime outreach will start in September and consist of two two-person teams, one dedicated to East County and the other to serve Central and West County. Evening outreach will likely begin by early December with one team, and may be enhanced to two teams. All teams will report to a single Coordinator to ensure seamless collaboration and transition between day and night. All teams will receive the same training, utilize the same protocols, and be based on the same model of service delivery. This new outreach model was the winning design in the State ESG competition, held recently. Day teams and the Coordinator will be County-run, and the night services are presently being sought in the Coordinated Entry RFP which is due in early August. If no other viable candidates are found for evening outreach, the County will likely contract for that function as well.

Project Homeless Connect will be held at the County Fairgrounds in Antioch on Thursday, October 13th, from 9 am to 3 pm. Homeless Connect is a one-day, one-stop event that provides on-site healthcare, social services and housing resources to persons experiencing homelessness. Community members who would like to learn more about volunteering can register here: <http://goo.gl/forms/PIVDeW2txMdH902C2>
