

CITY MANAGER'S WEEKLY UPDATE AUGUST 11, 2017

Mayor and Members of the City Council:

This is the City Manager's Report for the week ending August 11, 2017.

CITY MANAGER'S OFFICE

After 29 years of dedicated service to the City of Antioch, Ahmed Abu Aly retired this week from the Department of Public Works in our Capital Improvements Division. A registered Civil Engineer, Ahmed's primary responsibility was the preparation and monitoring of the City's Five-Year Capital Improvement Program which establishes a master list of projects and budgets. Ahmed has also secured and administered millions of dollars in grants, including the widened Wilbur Avenue Bridge over the BNSF railroad tracks. I wish Ahmed the best as he begins a new season of life-after-Antioch. Congratulations Ahmed!

Congratulations to Los Medanos College (LMC) which was recently ranked the sixth best community college in the nation. Opened in 1974 and with over 9,000 students currently attending each semester, LMC's excellence in education is an important asset to our community and the region. President Bob Kratochvil was quoted as saying, "This award is a testament to the dedication and hard work of our faculty, staff and students. We are proud of our success in improving the quality of life for our students, while enhancing our communities and our economy." The City of Antioch is proud to partner with LMC and congratulate them on this outstanding accomplishment.

ECONOMIC DEVELOPMENT

2017 Downtown Summer Concerts Every Saturday Evening at Waldie Plaza

The free Saturday Summer Concert Series continue through August 26th in Waldie Plaza in downtown Antioch, across from City Hall, from 6:00 p.m. – 8:00 p.m. The concerts are for all ages and are a gathering place for families and friends, as well as a great location to make new friends. The concert venue backdrop is the beautiful Delta River landscape with the occasional trains, sailboats, tugboats and more passing by. A nice summer breeze will keep you cool and comfortable as you enjoy a variety of music this summer. Parking is available in the many parking lots in downtown Antioch. Mayas Taco Truck will be in Waldie Plaza at all concerts. Sip & Scoop (Italian ice, coffees and teas) will be there on August 19th, and is working on additional dates. Please note that the Moveable Feast food trucks scheduled for downtown Antioch in the parking lot across from city hall have been canceled.

For more information, please visit www.Art4Antioch.org, call (925) 779-7018, or email Diane@Art4Antioch.org.

Food Truck Thursdays had another successful event at the Antioch Community Center! The Foodie Crew had a line-up of trucks including BBQ, gyros, pasta, and desserts. This is a food truck market that will take place every Thursday night from 5:00 p.m. – 9:00 p.m. through the end of September, and possibly through the end of October. This event is sponsored in part by the City of Antioch Recreation Department and is presented by The Foodie Crew and United Bites Food Truck. Please come out and support this new event. If you are interested in having your Food Truck or Dessert Truck at this event, or if you are a non-food vendor, please email info@foodiecrew.com.

BART is hiring for East Contra Costa County eBART jobs: Would you like to live and work in Antioch? BART is hiring various positions for the Hillcrest Station and other eBART stations. The new track is a 10-mile stretch estimated to take riders 10 minutes to transfer. The facilities building is a LEED certified building. Five BART officers and four community officers will be assigned to the area. New cars are diesel with a capacity to hold

200 riders in each section. New trains are quiet with most of the mechanics on top or on side panels of the train. 70 people will be staffed to operate multiple shifts with a 22-hour, 7 days a week operation based out of the facility building. BART Outreach. BART's Office of Civil Rights will be conducting outreach and collecting feedback regarding projected fares on the BART to Antioch (eBART) system. The same distance based fare rate program as exists throughout the BART system is proposed for the new BART extension to Antioch.

BART wants to hear from you!

The San Francisco Bay Area Rapid Transit District (BART) is nearing completion of a new rail passenger service on approximately 10 miles of new track between the existing Pittsburg/Bay Point BART Station and Antioch at Hillcrest. The Pittsburg Center and Antioch stations are expected to open for service May 2018.

Here are some facts about the new stations and service:

TRAVEL TIME

Estimated travel time to board a train at Antioch and arrive at the Pittsburg/Bay Point Transfer Platform is 10 minutes.

ENVIRONMENTAL BENEFITS

- Removes cars from highway and roads
- Reduces vehicle miles traveled by 99 million/year
- Carries as many people as an additional lane of Highway 4
- Improves freeway operations
- Reduces greenhouse gas emissions by 260,000 lbs/day
- Reduces consumption of energy and petroleum

TRANSIT CONNECTIVITY

Access to Tri-Delta Transit and County Connection buses, as well as parking, taxi, and "kiss and ride" passenger drop off areas.

PROPOSED FARES

BART plans to extend its distance-based fare structure for the BART to Antioch extension.

PROPOSED SERVICE

The hours of operation are the same as the existing BART System. The BART to Antioch trains will connect with BART trains at the Pittsburg/Bay Point Transfer Platform.

Antioch's featured article in Business In Focus Magazine July Issue

Business In Focus (BIF) is an online and print magazine that focuses on the latest news and events across multiple industries, and highlights the nation's leaders in their respective fields. Economic Development Manager Lizeht Zepeda and City Manager Ron Bernal worked with BIF to put together an article focusing on the need for industry in Antioch. The beautiful photographs featured in this piece were provided by local photographer Michael Pohl. The article also features Oakley, Brentwood, and Pittsburg. The idea was to showcase all East Contra Costa County Cities and their efforts to collaborate on regional issues.

RECREATION

This week, the NEW Fall Recreation Guide was mailed to Antioch residents. This guide offers an additional 18 new classes and activities and provides a wide variety of activities that integrate people of all ages. This guide will encourage active participation in the multitude of programs offered throughout the city!

This week was the last week of seven-day operations for the Antioch Water Park. The fun continues through Labor Day with open hours on Friday evenings and weekends. Come Splash with Us!

On Saturday, the 2017 Junior Giants Summer Baseball League concluded. This marked the end of the baseball season for over 500 kids ages 5-13 and over 30 adult volunteers. This unique, non-competitive program places a higher value on character than on wins and losses, and is sponsored by the Antioch Recreation Department and Antioch PAL.

On Thursday, the Antioch Water Park hosted the 2017 Junior Giants players and their immediate families to an evening of free swimming for two hours. This event took place from the contributions of the PAL program and Recreation Department.

Digital Signage located in the Antioch Community Center lobby is in the process of being updated with upcoming programs and activities for the exciting new Fall Quarter. The digital sign program has been an effective way to reach visitors and participants. It reduces clutter on the counters and gives staff the ability to creatively personalize advertisements and effectively reach our target audience.

On Wednesday, staff met with representatives from Assemblymember Jim Frazier's office and the Contra Costa County Library's Adult and Teen Library Services to discuss future educational seminars.

CITY MANAGER'S WEEKLY UPDATE AUGUST 11, 2017

COMMUNITY DEVELOPMENT

Sand Creek Focus Area. There is a lot of discussion around town these days about the Sand Creek Focus Area (also referred to as FUA1) and its future. There have been decades of discussion and debate, and the community continues to ponder just how and what should occur within this area. The Sand Creek Focus Area encompasses approximately 2,700 acres in the southeast side of Antioch. The large Kaiser Permanente Antioch Medical Center is located there, as is Dozier-Libbey Medical High School. The City Council has approved two large residential projects over the past two years, though neither has begun construction yet. The first is the Promenade-Vineyards at Sand Creek project with 641 homes; the second is Aviano with 533 homes. Both are located to the east of the hospital.

The City of Antioch initiated a General Plan Land Use Element Update in 2015 and is nearing its completion. One component of this Update involves the Sand Creek Focus Area. Today's General Plan provides an outline for the development of the entire Sand Creek Focus Area. The General Plan envisions up to 4,000 homes, 1.24 million square feet of commercial space, a golf course, open space, and other amenities. The proposed Update would not change the fundamental policies of the General Plan, but would re-organize it and make clearer the City's expectations. For example, the prospects for a golf course are pretty slim these days, so that amenity may be replaced by a more robust trail and open space system. The Planning Commission will consider this Update and its next steps at its September 20, 2017 meeting. More information is available at www.antiochplanning.com.

At the same time, the City has received an application for "The Ranch", a new residential and commercial development within the Sand Creek Focus Area. This proposal contains 1,307 new homes and is very early in the project review stage. It will be presented to the Planning Commission for a Scoping Session for the Environmental Impact Report (EIR) on September 6, 2017.

The Planning Commission will also be considering a Preliminary Development Plan for "Albers Ranch", a proposed 301-unit senior community within the Sand Creek Focus Area. This review is for feedback and no formal action or approval will be taken. Review of this plan will take place at the Planning Commission's September 6, 2017 meeting.

CITY MANAGER'S WEEKLY UPDATE AUGUST 11, 2017

Information about “The Ranch” and “Albers Ranch” is available at the Planning Division’s “Project Pipeline” at:

<http://www.ci.antioch.ca.us/CityGov/CommDev/PlanningDivision/docs/Project-Pipeline.pdf>

Finally, the Planning Commission will be considering a request by the developer to modify the Development Agreement and Conditions of Approval for the Promenade – Vineyards at Sand Creek project that was approved in February 2016. The requested modifications would reduce the current requirements to build new roads around the project and would partially waive sewer and water connection fees. The Planning Commission will receive this item on September 20 and will be asked to make a recommendation to the City Council.

Any questions about activity in the Sand Creek Focus Area can be directed to Community Development Director Forrest Ebbs at febbs@ci.antioch.ca.us.

Capital Improvements Division. Anderson Pacific Engineering Construction has begun the replacement of two existing gaseous disinfection chemical systems with new liquid chemical systems at the Water Treatment Plant. Chlorine and ammonia (in gas or liquid forms) provide primary disinfection of pathogens and residual disinfection throughout the City’s drinking water distribution system and are essential to meeting primary drinking water standards. The objectives of the project include: 1) Mitigate the risks to the community, operating staff and environment associated with accidental spills or leaks of gaseous chlorine and ammonia during the transportation and application of these chemicals in the drinking water treatment process; 2) Improve the reliability of the disinfection systems; and 3) Reduce the costs to permit and maintain the chlorine gas and anhydrous ammonia systems.

Southwest Pipelines and Trenchless Corp. is continuing the installation of cured-in-place pipe liners within many of the existing sanitary sewer pipelines in the downtown area in association with the Downtown Sanitary Sewer Rehabilitation project. The liners are cured with steam, which is expelled near adjacent manholes. The interruptions to

CITY MANAGER'S WEEKLY UPDATE AUGUST 11, 2017

individual sewer connections may be necessary when the rehabilitation is performed adjacent to a property. The contractor will notify residents and businesses prior to any planned interruptions. Traffic patterns and street parking will be affected during this work. For the safety of our residents and workers, please adhere to all construction signage.

Pacific Gas and Electric Company (PG&E), together with its authorized contractors, will be conducting construction activities in order to remove existing tower facilities located on or near the properties mentioned below. Currently, the work plan includes both vehicle and helicopter access to perform the necessary work on multiple structures during or around July 24, 2017 through September 30, 2017 at the following locations: Ashburton Drive, Garrow Drive, Sunset Lane, 401 Putnam Street (Water Treatment Plant), Gentrytown Drive, Summit Way, James Donlon Blvd. and Westridge Court.

Meet Your Beat! Introducing CSO (Community Services Officer) Gabrielle “Gabby” Johnson. Gabby started with us as a volunteer with Antioch Animal Services when she was 16 years old, volunteering for two years until she was hired on as an Animal Care Attendant. During college, Gabby promoted to Animal Control Officer, where she served for four years until becoming a CSO. Gabby loves being a CSO and is currently assigned to the Temporary Holding Facility at the PD.

Gabby still loves helping animals and couldn't walk away from the shelter without adopting two great danes and a cat. Gabby used to have two thoroughbred horses that she competitively showed while in college.

Gabby says her favorite part of the job while in Animal Control was being able to help animals who didn't have a voice to advocate for themselves. She takes pride in the fact that she treated every animal, whether they were dangerous or emaciated, with respect. In her current assignment she enjoys helping people and kids who come through the jail and hopefully to reach them and help them with their situation.
