### New Website Launch

I am excited to announce the launch of our redesigned website and new domain name at [www.antiochca.gov](http://www.antiochca.gov). The site has a fresh, contemporary look and will be easier for residents to navigate through with an improved search engine to help users easily find the information they need. Website improvements also include clarifying content and adding consistent navigation at each page header. In addition, the new format is compatible with smartphones and tablets by automatically reformatting to the device being used. We are excited to have a website that is easier to use and provides better engagement for our residents. The new site also gives us the opportunity to provide more transparency about City business and engages our community with important topics, projects and City happenings.

### Summer Concert Series

We have had a great Summer Concert Series with the final concert on Saturday, August 18th performed by Long Time (Boston, Journey tribute band). All shows were free and presented at Waldie Plaza (across from City Hall 2nd & I Streets). New to the concert series was "Sunset Suppers" food trucks where concertgoers can purchase food and beverages beginning at 5:00 p.m. before the concert start time of 6:00 p.m. We would like to thank Nancy Kaiser and staff for their hard work scheduling the bands and coordinating the concerts this season.

### Smith's Landing Seafood Grill

Grand Opening will be Tuesday, August 28th!

If you did not get a chance to be one of Smith's Landings guests last week, now is your opportunity to experience great food and a great view of the Delta!

### Police- *Animal Services*

A total of 36 pets from the Antioch Animal Shelter found they're new forever home during the **Clear the Shelters adoption event this past Saturday, August 18, 2018!** Although the Clear the Shelters event was a huge success, one of our little residents, Taurus, didn't find his forever home on Saturday. This little guy had lots of interest, but his bad breath was just too much for potential adopters to handle. Taurus was in desperate need of a dental cleaning. Lucky for Taurus, Antioch Friends of Animal Services, stepped-up, and took Taurus to see Dr. Stafford, and his team, at Banfield Pet Hospital – Antioch West. After spending the night with one of our volunteers, Taurus came back to the shelter and was adopted the next morning! Thank you to Antioch Friends of Animal Services for having Taurus' teeth cleaned! It made all the difference!

### ART on the BOX G & 18th Street – Volunteer Utility Box Beautification

Erin Grimes, a gracious, talented student artist from Antioch High School Class of 2018, added some pizzazz to the utility box at 18th and G Streets.

Antioch High School staff and students are loving it, and drivers passing by honked in approval as Erin worked away (in this heat no less.) Erin made completing this public art project her personal goal and priority before heading off to begin her college career at San Jose State University.

We are sending a BIG 'THANK YOU' to Erin for lending her hard work, perseverance, and talents and to Trine Gallegos for coordinating with Public Works and encouraging skilled student artists to find ways to volunteer and contribute to their community.

### Facilities Maintenance

Joe Martinez, with Facility Maintenance is fabricating brackets for garbage cans located in the Marina and Fulton Boat Launch so that they can quickly be unloaded with the garbage truck. This is going to improve how quickly we can empty the cans and move on to the next job.

#### East Bay EDA Economic Development Directors' Council

The Economic Development Department staff attended the EDD Council meeting on Thursday, August 23rd at the Martinez City Hall Council Chambers. The meeting was dedicated to reviewing a draft Request for Proposal (RFP) for a regional marketing campaign for all of the East Bay cities that are part of East Bay EDA. The meeting helped gather information to develop the draft RFP. East Bay EDA staff sought insight and best practices from Innovate 78, Greater Sacramento and others agencies. Based on the feedback, they crafted an open-ended draft scope of work covering both branding and marketing. The group gave feedback, and the item is still in process, hoping to put out a document later this year.

#### East Contra Costa Regional Community Stakeholders

The Economic Development Department staff attended a briefing on the Community/Human Capital component of the Northern Waterfront Initiative for East Contra Costa Regional Community Stakeholders on Tuesday, August 21st. Consultants Keith and Iris Archuleta from Emerald HPC International, LLC, lead the briefing and discussed the various strategies the county is putting together for the overall conceptual plan on the Northern Waterfront Initiative. Highlights of the framework and its findings are:

- Fact-finding interviews with potential partners, thought leaders and involved organizations.
- Three focus area clusters: Small business incubator/expansion support, workforce training and enhanced partnership with the education sector, strategic regional partnerships including barrier removal services.
- Next steps: interlocking roles for implementation moving forward.
