DOWNTOWN REVITALIZATION

At the City Council Meeting this week, in closed session under Conference With Real Property Negotiators, the City Council gave direction to the City Manager to negotiate exclusively with real estate development company City Ventures for the development of a number of sites owned by the City and the Successor Agency to the Antioch Development Agency. City Ventures (<http://www.cityventures.com/>), based in San Francisco and Newport Beach, focuses on the development of townhomes, high density condominiums, apartments, lofts, commercial mixed use, live-work, and single family detached homes in the San Francisco Bay Area and from Santa Barbara to San Diego. They are experienced in repositioning underutilized real estate into residential and mixed-use housing in urban infill areas and high demand suburban areas.

Downtown Antioch is blessed with river views, delta breezes and an architectural aesthetic similar to downtown Pleasanton or Livermore. Having a well financed and experienced infill development team on board will enable the City to finally give “Rivertown” the boost it needs to realize its potential as a thriving village and “the place to be” in Antioch.

SUMMER CONCERT SERIES AT WALDIE PLAZA

The last concert of this Summer Concert Season is tomorrow, August 29th at Waldie Plaza, across Second Street from City Hall. Toree McGee & Rodeo House will be dishing up a health serving of today’s country music, so enjoy the beautiful setting and the cooling delta breeze and go country 6:00 to 8:00 p.m. tomorrow!

Downtown events still to come while the weather is still good: The Rivertown Jamboree and the Delta Blues Festival.

PLANNED BART SHUTDOWN

BART is asking that everyone help spread the word that there will be no BART service between San Francisco and the East Bay on September 5, 6 and 7. Watch an archive of the online town hall that BART held to answer questions about the work and our service plan at www.bart.gov/townhall
