Jonathan Poretz - Ol' Blue Eyes and Friends

A Salute to Frank Sinatra and his Rat Pack

Sunday September 11, 2016 at 3:00 pm

Celebrate the legacy of American icon Frank Sinatra and his Rat Pack when jazz artist Jonathan Poretz brings Ol' Blue Eyes and Friends to Antioch's El Campanil Theatre. Best known for his role as Sinatra in the long-running Las Vegas show The Rat Pack Is Back, Poretz, currently touring with Tony Bennett, recently returned from a 52-city tour of Germany where he played Sinatra in a Vegas-style tribute show. Now see Poretz create an intimate, after-hours atmosphere reminiscent of the swinging '60s, as he performs beloved songs like "That's Life," "The Best is Yet to Come," "I've Got You Under My Skin," "Theme from New York, New York" and many more.

Over the past six months, the CDBG/Housing Consultant has been working with the Bay Area Affordable Homeownership Alliance (BAAHA) to design a First Time Homebuyer program for residents of the City of Antioch. This program would bring together existing subsidies from CalHFA, County Mortgage Credit Certificates, Federal Home Loan Bank (Wish Program), National Homebuyers Fund (NHF), GSFA Platinum Program, and possibly others. The goal is to create a package of subsidies which will allow existing Antioch renters to become first time homebuyers, which does NOT require an investment of City funds in each mortgage. Development of program components and securing of partners is nearing completion and the program is expected to be proposed to staff and Council within the next month.

PUBLIC WORKS UPDATES

Administration

- Tiered water rates are still in effect and were calculated to reflect the cost of service to treat and deliver water to the community. These rates were developed independent of the drought status and will remain in effect. The State has officially declared the drought is over and removed the 25% statewide water conservation goal. Beginning in June of this year, the City of Antioch is mandated to conserve water based on a three year projected “stress test” formula provided by the State. This will remain in effect until January 2017. Based on our results, we have a sufficient water supply for our water production rates and will not have a conservation target. The City of Antioch is no longer requiring restricted watering days. We still encourage all conservation efforts where possible to protect our valuable resource. All of the “prohibited water activities” as outlined by the State are

still in effect. This includes: washing off driveways and walkways, irrigating 48 hours after a measurable rainfall and irrigating in such a way that causes runoff to non landscaped areas. To see a complete list, search saveourwater.com or other similar websites on the California drought. Water customers did a fantastic job with their water conservation efforts. We were able to meet our State mandated goal of 28%. Thank you all for the conservation efforts and success we achieved. Please continue to protect this precious and limited resource.
