## **Homeless - Transforming the Homeless System of Care:**

With planning completed, funding secured, and the “Coordinated Entry” grants awarded (see last week’s report), agencies and the County are entering into contract and posting for new positions that will help transform the homeless system of care. Following are some highlights:

- The Contra Costa Crisis Center will provide 24/7 telephone access for homeless persons seeking shelter and/or services. They will make referrals to the new CARE and CARE-capable centers, referrals to safety net and other social services, and administer the new Housing Security Fund to assist homeless people with expenses related to obtaining housing. The Crisis Center will also be screening callers and attempt to prevent persons from becoming homeless, and divert them from the Contra Costa homeless system if possible, as well as triaging calls.
- CORE (Coordinated Outreach, Referral & Engagement) Homeless Outreach teams will begin to operate on the streets in the next two months. The system is starting with two daytime outreach teams and one night team, but this is scalable to meet each city’s need and budget if they wish to contribute to fund additional coverage. The day teams will be hitting the streets Monday through Friday from 7:00 a.m. until 6:00 p.m., while the one evening outreach team will pick up from 5:00 p.m. to 1:00 a.m. All teams will have one coordinator and standards of engagement. They will link homeless persons to healthcare services, screen them for eligibility for benefits and enroll them, take them to any open shelter beds and to the new warming centers, and provide linkage to mental health and substance abuse services. They will also conduct a standard assessment to prioritize persons for permanent housing.
- The CARE Center sites will provide critical supportive services, such as showers, food, mail services, laundry, and act as warming centers during the evenings. Case managers will also connect clients to primary and behavioral health services, enroll them into benefits, and provide housing navigation services. Care Centers will be open from 8:00 a.m. until 5:00 p.m., and are situated in Concord, Walnut Creek, and Richmond. A site is being sought for East County, with a target for operation within the year.
- Warming Center Pilot – A pilot Warming Center will open in Concord with hours from Monday through Saturday, 7:00 p.m. to 7:00 a.m. There, homeless clients will receive screening and intake, housing assessment, food and showers, as well as a safe environment and chairs in which to rest.

Areas of future growth include expansion of CORE teams, additional CARE Centers, especially in East County, enhancement of all CARE Centers with warming centers, seven day per week operation, a “Moving On” program, and more affordable housing units.

**Project Homeless Connect** - Project Homeless Connect will be held at the County Fairgrounds in Antioch on Thursday, October 13<sup>th</sup>, from 9 am to 3 pm. Homeless Connect is a one-day, one-stop event that provides on-site healthcare, social services and housing
