

**OFFICE OF
THE CITY MANAGER
MEMORANDUM**

DATE: October 31, 2014
TO: Mayor Harper and City Council Members
FROM: Steve Duran, City Manager
RE: City Manager's Weekly Report

FACTS ON MEASURE "O" – Election Day is Tuesday, November 4th

Measure O is an increase in the minimum Business License Tax and it will also get residential landlords to pay a Business License Tax based on the number of units rented. In June, the City Council authorized placing a measure on the November 4th ballot to specifically add the business of renting or leasing of residential property as a business and subject to taxation.

Residential landlords will pay \$250 per year for single family dwelling rentals (e.g. houses) and \$150 per year for multi-family rental units (e.g. apartments and condos). Hotel/motel, hospital, convalescent, extended care (nursing) and residential care (assisted living) facilities are exempt from the proposed per unit fee. Non-profits continue to be exempt from the Business License Tax.

The minimum annual Business License Tax will go from \$25, where it was in the 1960's, to \$100. Measure O will not raise the Business License Tax on smaller home-based businesses, which will remain at \$25.

Staff has put a "Measure O Information" button on the home page of the City web site so that the public at large can get factual information on Measure O. In addition to the proposed Ordinance itself, the accompanying staff report and the City Attorney's Impartial Analysis, staff has prepared a Frequently Asked Questions (FAQ) document; all of which are available by clicking the Measure O Information button at www.ci.antioch.ca.us
