5.3 SITUATION-APPROPRIATE, FOCUSED, EDUCATED (SAFE) DRIVING

5.3.01 Applying SAFE Driving Techniques
 The trainee will understand and demonstrate the application of SAFE driving during routine and emergency situations. The elements of SAFE driving include:

A. “Situation-Appropriate” – refers to the need for law enforcement officers to modify their driving for the varied circumstances encountered in a patrol driving environment, for example:

1. Routine patrol vs. “Code 3” driving
2. School zone vs. rural highway driving
3. Transitioning from freeways and commercial/ business/industrial areas into residential neighborhood streets
4. Driving in inclement weather and/or at night vs. ideal dry/clear weather and/or daylight conditions

B. The trainee will understand that the “appropriateness” of his/her driving style for the conditions present is also dictated by agency policy. FTOs, supervisors, managers, and department heads will reinforce what driving attitudes are “appropriate” for specific situations.

C. “Focused” – addresses the many concerns related to roadway position/conditions, distractions, fatigue, multi-tasking, equipment, and driver capabilities.

D. “Educated” – refers to training (academy, FTO, in- service/ongoing) and policy, and the need for the trainee to continually apply knowledge gained in these areas to his/her daily driving habits.

5.3.03 Potential Risks Related to Inappropriate Driving

The trainee will be made aware that routine and emergency patrol driving are among the most critically serious and potentially dangerous functions of a law enforcement officer. There is a real and ever present risk of injury or death to officers and members of the public when an officer drives in a manner unsafe for conditions, beyond their capabilities, or beyond the capabilities of their patrol vehicle.

Between 2003 and 2010, more officers were injured or killed in traffic accidents than in assaults. In addition, severe criminal and/or civil sanctions can be imposed on the law enforcement officer and/or organization as a result of unsafe vehicle operation.

The trainee will be made aware of these facts and will relate the importance of SAFE driving to the FTO. The trainee will continually demonstrate SAFE driving practices throughout the FTO program in preparation for continued SAFE driving throughout his/her law enforcement career.

5.4 USE OF SEATBELTS

5.4.01 Seatbelt Use during Routine and Emergency Driving Conditions and Tactical Seatbelt Removal

The trainee will review agency policy regarding the use of seatbelts while on patrol. The trainee will be made aware of the fact that use of the seatbelt in both routine and emergency driving dramatically increases the chance of survival and decreases the potential for injury during crash.

Tactical seatbelt removal (removing the seatbelt as the patrol vehicle slows just prior to safely coming to a stop, so the officer can quickly exit the vehicle) will be discussed by the FTO if such practice is allowed by agency policy. If agency policy allows such practice, the trainee will demonstrate when to appropriately use a tactical removal of the seatbelt.

The FTO will continually monitor seatbelt use (and tactical removal of the seatbelt when appropriate) to ensure that the trainee is habitually wearing the seatbelt while on patrol, and is only removing it during a safe and opportune time, given the situation at hand.
