BUILDING SEARCH

Monitor: Gregg tawney

Controlled Negative: No

Decoy Count: 1

Area Size: 200 Square feet

Building Types: Abandoned room with large closet

Comments

Cato did well for his first room search. He was trying to figure out what he was supposed to do but quickly learned and found the decoy in a long/large closet. Cato went on the bite and the decoy brought him out towards the window he was sent in. Cato outed off the bite with one command and it took him a few try's to get back out to me from the same window he went in.
