- 1) Question: Is there a current contractor? If there is what is the contractor's pricing?
Answer: No, there is not a current contractor at this time.
- 2) Question: Is there a recommended size of crew or is that up to the contractor?
Answer: That would be up to the contractor.
- 3) Question: Do you have a budget for this project?

- 4) Question: Can we get a copy of previous awarded contract, specifically "Official Proposal A UMR for Services" and "B Equipment Hourly Rates"?
Answer: This is a new contract and has not been awarded in the past.
- 5) Question: Since this is a T & M Contract (Time/Material) "Official Proposal A UMR For Services" *Item #1 Encampment Cleanup service unit of measurement* is asking for hourly rate. This hourly rate will be per person, not a team or group?
Answer: You can detail the Hour in the comments section of your proposal.
- 6) Question: Regarding *hourly rate* "official proposal A UMR for services" can you clarify when hourly rate starts and stops with respect to the crew starting the day at contractor's yard, traveling to clean up job-site. Continuing with question, talk about when it is appropriate to charge for mobilization and demobilization.
Answer: All billable time must be on site. Travel time to and from cleanup site from contractors' yard will not be paid by the City.
- 7) Question: "Official proposal B. Equipment" *hourly rates* are per piece of equipment used on jobsite. Could there be more than one?
