## **I. INTRODUCTION**

The City of Antioch is seeking proposals from suitably qualified community-based providers to participate as contractors for the Temporary Housing: RV Housing Opportunity Program, henceforth referred to as “HOP to Housing” or “HOP”.

HOP will provide temporary housing in City-owned RVs to families experiencing homelessness, with the goal of quickly transitioning families to permanent housing. In addition to temporary housing, HOP will provide supportive services including health and social services to assist families in connecting with resources to gain and retain permanent housing. HOP will operate as part of the Contra Costa Coordinated Entry System and in alignment with its Coordinated Entry Policies and Procedures.

The City of Antioch is expecting to award one contract to cover the services to be implemented through this program: however, applicants are encouraged to develop partnerships with other organizations as appropriate to provide outlined services to HOP participants. The contract period is for one (1) year, with an option for up to two additional years at the mutual agreement of the City and the contractor. Applicants should provide an initial one-year budget, but also indicate in the proposal what contract term (1, 2 or 3 years). Applicants must be able to begin program operation within 60-days after signing contract.

## **II. BACKGROUND**

The City of Antioch was incorporated in 1872 as a General Law City operating under the City Council/City Manager form of government. The City Council is responsible for adopting ordinances, resolutions, the budget, appointing commissions and committees, and hiring the City Manager and City Attorney. Antioch is a suburban City providing quality police, water, streets, parks, engineering, planning, and administrative services.

In January 2020, Governor Gavin Newsom signed an executive order to respond to the homelessness crisis in California through actions that include: the establishment of the California Access to Housing and Services Fund; the identification of available land and facilities that can be utilized to increase housing options for people experiencing homelessness; and, the supply of travel trailers from the state fleet and modular tent structures from the Emergency Medical Services Authority.

The City of Antioch applied for, and was awarded, five of the trailers/recreational vehicles (RVs) to provide temporary emergency housing and the delivery of health and social services for people experiencing homelessness. With the RVs, the City of Antioch intends to launch HOP to Housing, or HOP, a temporary housing program described in the sections that follow. The City of Antioch is closely collaborating with the Health, Housing, and Homeless Services (H3) Division of the Contra Costa Health Services Department to support service delivery for the project.

To qualify for the RVs, the City of Antioch met the following criteria established by the Governor’s order:

- Declaration of a shelter crisis (pursuant to Government Code section 8698 et seq.);

- Capacity and resource commitment by local partners, including counties, cities, and non-profit agencies, to deploy, operate, secure, and maintain the trailers;
- Commitment by local partners to make appropriate health, social, housing, and other services availability to support the needs of people temporarily housed in the trailers to transition into permanent, safe and stable housing; and,
- Agreement to regularly and publicly report data based on accountability metrics to be developed and published by the state agencies outlined in the executive order.

### Target Population

HOP will serve families with children in the City of Antioch enrolled in and attending the Antioch Unified School District (AUSD) who are experiencing homelessness, particularly families who are currently unsheltered (living outside, in an encampment or in a vehicle). Families with longer lengths of homelessness and/or who meet priority vulnerability criteria established through Coordinated Entry may be prioritized for entry into HOP: these criteria may be adapted during the contract term, in coordination with H3, the Contra Costa Continuum of Care (CoC).

The primary source of referrals for HOP will be via the County's (H3) CORE Outreach team and the Antioch Unified School District's Homeless Liaisons at schools located within the City of Antioch. Specific referral pathways and processes will be established by the Contractor, in close coordination with the City of Antioch and H3. Participants may be asked to agree to abide by RV HOP program guidelines prior to program enrollment. Verification of homelessness will be required as a condition of participation.

### **III. SCOPE OF WORK**

This section describes the preliminary Scope of Work for the selected Contractor and communicates the City's general expectations. To the maximum extent possible, the Contract should identify how the desired services may be provided by leveraging of existing community resources, including programs operated by H3 or other departments within Contra Costa County; City resources; private resources; and partnerships with other non-profit providers.

The successful agency or entity should identify any additional services beyond what is described below that will be needed to meet the City's expectations and explain them in their response. The successful agency or entity will be expected, at a minimum, to provide the following:

- **Temporary Housing**

Contractor will provide temporary housing for up to five (5) families with children enrolled in and attending classes in the AUSD in RVs located on City-owned (exact location pending) or private property (to be secured by the Contractor). The number of temporary housing units could be expanded beyond the five RVs if private property with additional temporary housing is provided.

Temporary housing should operate in alignment with Housing First principles, including harm reduction practices, as well as strengths-based and trauma-informed approaches. Participants may bring pets and personal belongings into the program. Contractor may establish limits for the quantity of pets or belongings each individual may bring into program,

with policy approval from the City of Antioch and H3. Contractor is encouraged to consider capacity for additional on-site storage of belongings outside of RVs.

Contractor will provide: twenty-four hour on-site staffing and/or security (Intent is for on-site services and supports to be available at all times; see supportive services requirements below); clean linens/towels for use while in program; provision or access to laundry machines; and, a plan for access to showers (in event bathing facilities within RVs become temporarily inoperable). The RVs are equipped with a refrigerator and stove: participants will be expected to acquire, prepare and/or store their own meals. Contractor is encouraged to support participants in developing budgets and/or linking to community resources for access to food, as needed.

- **Supportive Services**

In close coordination with H3 and Coordinated Entry providers, Contractor will provide supportive services for participants of HOP, with a focus on services that promote households obtaining and retaining permanent housing. Required services include housing navigation case management services for participants, including housing plan development, document readiness for housing application process, housing search assistance, and linkages to Coordinated Entry and community resources for financial or supportive service assistance. It is expected that a minimum of 1.0 FTE staff member be assigned to supportive service provision for participants.

Additional on-site services that may be provided directly or through partnership with other organizations include but are not limited to physical and behavioral health care, substance use recovery support, transportation assistance, employment training and linkages, and veterinary care for pets of participants.

- **Data Entry**

Contractor will be responsible for Homeless Management Information System (HMIS) data entry for all families in the program and for services provided.

- Provide strategic guidance to City Manager and periodic updates to the Homeless Encampment Task Force Committee, City Council, and Contra Costa County Continuum of Care.
- Strong written and verbal communication skills to deliver public presentations and staff reports to City Council.
- Prepares reports and correspondence as required.

The City Manager would like to remain flexible during the process; the process may change as the candidate pool or other circumstances require.

3. Indemnification Agreement: To the full extent permitted by law, Contractor shall defend, indemnify and hold harmless City, its employees, agents and officials, from any liability, claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, actual attorney fees incurred by City, court costs, interest, defense costs including expert witness fees and any other costs or expenses of any kind whatsoever incurred in relation to, as a consequence of or arising out of or in any way attributable in whole or in part to the performance of this agreement. All obligations under this provision are to be paid by the Contractor as the City incurs them.

This exception will apply only in instances where the City is shown to have been solely at fault and not in instances where City’s fault accounts for only a percentage of the liability involved. In those instances, the obligation of Contractor will be all-inclusive, and City will be indemnified for all liability incurred, even though a percentage of the liability is attributable to conduct of the City.

Contractor acknowledges that its obligation pursuant to this section extends to liability attributable to City, if that liability is less than the sole fault of the City.

Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every sub-contractor, sub tier contractor or any other person or entity involved by, for, with or on behalf of Contractor in the performance of this agreement. In the event Contractor fails to obtain such indemnity obligations from others as required here, Contractor agrees to be fully responsible according to the terms of this section. Failure of City to monitor compliance with these requirements imposes no additional obligations on City and will in no way act as a waiver of any rights hereunder. This obligation to indemnify and defend City as set forth herein is binding on the successors, assigns, or heirs of Contractor and shall survive the termination of this agreement or section.

Remittance and Reporting Requirements: The successful contractor(s) will be required to submit to the City of Antioch regular monthly remittances and statements no later than thirty (30) days following
